## Rush Plans for S. A. County Fair

Chinese Girls Plan To Wage Flapperism Revolution at Home

### EXTENSIVE PROGRAM MAPPED

September 27 to 30 Dates Set for Big Exhibition Here, Announced  
C. OF C. CHIEFS DROP WALNUT SHOW PROJECT  
Farmers In County Already Active In Developing Exhibits

Permanent county fair grounds, with race track and aviation field. This today was the vision for next year of directors of the Santa Ana Chamber of Commerce, following decision of that body yesterday afternoon to become sponsor for the annual Orange county fair in the future.

The fair will be held in Santa Ana this year, with the dates scheduled for September 27, 28, 29 and 30, J. C. Metzger, secretary of the Chamber announced.

Following decision by the fair committee of the Orange county fair bureau at a meeting at 1:30 p. m. yesterday that the county fair should be held in the county seat, Murray Horne and Ed Lange, of the committee, and R. D. Flaherty, business manager of the fair bureau, Chamber and requested that the Chamber assume responsibility for the fair in the future.

Request Granted  
The request was granted without hesitation. Today President Alex Brownridge and Secretary Metzger were giving consideration to the selection of four active men to represent the Chamber on the executive committee of seven that was authorized to take the fair plans in hand. The fair bureau will name the other three members of the committee.

Tents had been engaged by Huntington Beach for the dates named and a deposit of \$250 had been made. The dates had been selected so as not to interfere with other annual affairs scheduled in Southern California.

Confronted by this situation the directors voted to carry out the proposed walnut exposition for this year. In future years it is possible the fair dates will be made later in the year so that a walnut display may be made a feature of the fair.

To Release Signers  
Metzger said that signers to the contract circulated recently for underwriting the walnut exposition would be released by abandonment of the exposition. The same method, however, will be used in underwriting the county fair, and agreements will be circulated, again in the immediate future. Metzger said the names of at least 800 men should be obtained to underwrite the fair, the liability of each limited to \$100.

"The time before the fair dates is rather limited and we will not be able to make the display this season what we hope to make it in future years," Metzger declared. "Next year we will start on plans that will make the display as attractive and entertaining as any of the big annual orange displays in Southern California."

"The Chamber also will start

### Senator and Commerce Dept. Differ On Food Price Jump Cause

WASHINGTON, July 8.—Further increases in the cost of food are in prospect, Senator Walsh, Massachusetts, Democrat, forecast today on the heels of the labor department announcement that eighteen out of twenty-two cities registered increases during the past month.

Officials at the department of commerce likewise predicted increases. Walsh charged that the high food schedules in the tariff bill would operate to push prices still higher.

Commerce department officials held that agricultural prices, now on the rebound after the severe slump, are responsible.

### FIRE SWEEPS GREAT LINER AT HOBOKEN

Fifteen Firemen Overcome in Battle With Flames; 668 Passengers Taken to Safety.

NEW YORK, July 8.—Fire revived and continued to eat into the cargo in the hold of the great liner Nieuw Amsterdam at Hoboken Pier here late today.

At 3:30 o'clock fire boats, city firemen and private fire fighters were still combating a stubborn blaze. Fifteen firemen had been overcome and had to be carried out to be revived. Several were taken to hospitals.

All 668 passengers were removed and the ship had enough water in her hold to cause her to settle at the pier.

Sailing of the liner was postponed until Tuesday.

### Wills Wife To 'Other Man' As He Kills Self

ONTARIO, Cal., July 8.—W. W. Green of Pomona, who took his own life in a rooming house here today, willed his wife to "the other man."

A note found in his room addressed to his wife said:

"Guess you thought I was only fooling. Now you know better. I am leaving you to the other man. If you can be happy with him, God bless you, but I'll meet him in hell some day."

Green, who came here several days ago, took poison, according to Mrs. Katherine Sapp, landlady, who called the police.

Green's note was addressed to Mrs. W. W. Green, 520 West Center street, Pomona.

### STANDARD CUTS 'GAS' RATE IN MIDDLE WEST

CHICAGO, July 8.—Reduction of gasoline prices throughout the Middle West was announced by the Standard Oil company today.

The order follows the reduction of rates by the interstate commerce commission and will be effective wherever freight rates have been cut.

The reduction will mean a saving of 2 to 4 cents a gallon to retailer purchasers, company officials said.

### STUDENT KILLED IN FIGHT WITH POLICE

WASHINGTON, July 8.—Wilfrid Michael, 18 year old high school boy, was shot and killed in a pistol battle with police when he caught him burglarizing a grocery store here today.

Michael was cornered in the rear of the store with another youth, Bernard P. Casson, Casson in a confession implicated himself and Michael in scores of burglaries, police said.

### TWO IN DEATH PACT USE SAME REVOLVER

SALT LAKE CITY, Utah, July 8.—Two men ended their lives by shooting themselves with the same revolver in adjoining rooms in a hotel here early yesterday. The men were J. Lester Gaskill, son of Mrs. Anna Mayfield, 242 American avenue, Long Beach, Calif., and Earl Furry, son of Mrs. E. J. Thomas, 719 Madison street, Oakland, Calif.

Gaskill evidently died first, and Furry true to an apparent agreement, walked to the body of his companion, took the revolver from his hand and returning to his room, directly adjoining, killed himself. Ill health was the apparent cause of the tragedy.

Each left a note addressed to his mother.

Gaskill's note:

"Dear Mother: I guess I will give it up. I'm too sick to go any farther. God, I hate to think of the sorrow I have caused you, but I am unable to take care of myself. Good-bye, mother."

"LESTER"

The note left by Furry said: "Dearest and Only Mother: I cannot stand it any longer. Please forgive me, mother, and God bless you."

"EARL"

The police were notified when the bodies were discovered. Investigation showed a double suicide pact.

### MOLLA LOSES STEAMER TO SUZANNE AT TENNIS

French Girl Outplays American In Battle for World Title

(United Press Leased Wire)  
WIMBLEDON, England, July 8.—Mlle. Suzanne Lenglen, queen of the European tennis court, extended her domain today to the whole world when she defeated Mrs. Molla Mallory, the American champion, in the final round of the British national tennis championships.

Playing the great brand of tennis which had named her as the greatest of all women players, the French girl won in straight sets by scores of 6-2 and 6-0.

King, Queen Spectators.  
Fifteen thousand spectators, including King George and Queen Mary and other British royalty, saw a battle for a world's title that ranked with the most terrific fights ever staged in any line of sport.

The brilliant French girl started with a rush from the first to the last stroke and she had the American completely at her mercy.

Twice in the first set the French girl faltered when she began to drive out of the courts but she rallied and came back to a spectacular game which had the American at disadvantage.

Remembers 1921 Failure.  
Knowing that she was fighting for her reputation as a sportswoman, the French girl probably pictured the courts at Forest Hills last summer when she was criticised for retiring in the American championship and she went into the game today to show herself as a real courageous player.

The immense crowd, which sat with a sepulchral silence all during the fight, gave vent to their enthusiasm with a tremendous cheer for the victor. It was not that the

### PLANS TO FINANCE OPERATIONS OF CRAFT COMPLETED BY NEWPORT MAN

With announcement by Captain J. A. Leffingwell of Newport Beach that within six weeks Orange county harbor would become the home port of a passenger and freight vessel operating between the harbor and San Diego, the port loomed today as a potential commercial harbor.

Through the co-operation of a group of Orange county men, Captain Leffingwell today had completed plans for financing the purchase of the Pocumoke, a 115-foot government vessel now lying in the harbor at San Francisco.

He will leave for San Francisco Monday to take charge of the boat. She will be drydocked for the application of a coat of paint to her bottom, when she will be brought to Orange county harbor for alterations necessary to adapt her to the service intended. She will have capacity for 100 passengers and 100 tons of freight. Her speed is twelve knots an hour.

Leffingwell said that he now contemplates only a one-way trip between the harbors each day, with possibility of a run to Ensenada, Lower California, once a week.

To Be Free Of Debt  
The captain will place the vessel in commission free of debt, with the exception of a small obligation to each of the men who have assisted him in his financing plans. He has himself provided most of the finances for the purchase of the boat. The crew will consist of a skipper and nine men. It is Leffingwell's intention to take the operations of the vessel until such time as the point where it will be necessary to give all of his time to shore duty and management.

To Rechristen Steamer  
The captain was assisted in his financing of the enterprise by the following: Clyde Bishop, R. L. Bisby, A. B. Rousseau, Horace Pine, Santa Ana; Lew H. Wallace, L. S. Wilkinson, S. E. Sharp, J. J. Schmitzer, W. A. Irwin, Newport Beach; G. M. Gardner, Costa Mesa; D. Eymann, Huff, El Modena; L. L. Garrigues, G. W. Holmes, Newport Bay Investment company, Balboa.

The boat will have to be rechristened, as the government will not permit private operation under her present name. Leffingwell said he probably would name the vessel "Port Orange."

Coincidentally with the announcement of the completion of financing the boat enterprise came the statement from Clyde Bishop that articles of incorporation of the Orange County Terminal and Navigation company probably would be filed with the secretary of state within the next two weeks. The company is being formed for taking over a lease on harbor lands belonging to Irvine. Bishop said that following filing of the articles steps would be taken looking to the construction of wharves on the county channel.

"Institution by Leffingwell of the boat service between the harbor and San Diego will be the beginning of actual commerce and the forerunner of what I believe will be great navigation and industrial activity at the harbor," said D. Eymann, president of the Orange County Harbor association. "It will result in cashing in on investments made in developing the channel and the realization of the ambition of harbor boosters to get boat service to and from the harbor."

### AUTO INJURIES ARE FATAL TO L. A. BOY

LOS ANGELES, July 8.—Six year old Thomas Pizner today became confused in crossing the street and stepped in front of an automobile driven by M. Q. Calvert, police were told.

The boy, who had guided his little brother across the street, stepped back from the curb and was struck down. He died in the hospital an hour later.

### "30" BULLETINS

CLINTON, Ill., July 8.—James Fitzgerald jr., son of a striking shopman, was killed and three strikers wounded in a clash early this afternoon between about 50 strikers and the same number of railroad guards. State's Attorney W. F. Smith has wired for state militia as further trouble is feared.

Sailing from Seattle for China, Nora and Rose Hsiung, daughters of former Premier Hsiung Hsi-ling, say they'll start the demure maidens of China on the way to flapperism. They're students at Holyoke, Mass., College.

### SEEKS ARMY PLANES FOR FIRE FIGHT

Oregon Senator Confers With Aviation Chief in Effort to Secure Air Patrol.

WASHINGTON, July 8.—Army airplanes may be dispatched at once to assist in battling forest fires raging in the Northwest, Senator McNary, Oregon, informed the United Press today following conference with General Patrick, chief of the army air service.

While it is impossible to rush through an emergency appropriation bill for the work owing to the house being adjourned, McNary announced arrangements probably would be made to draw upon the department of agriculture reserve fund for the necessary expenditure of an airplane patrol. He was to hear definitely from Secretary Wallace late this afternoon.

### PREPARE TO RESUME MADALYNNE'S TRIAL

LOS ANGELES, July 8.—Attorneys for defense and prosecution were conferring here today, preparatory to the resumption Monday of Madalynne Chenchal's trial for the murder of John Belton Kennedy.

At the time the trial was interrupted by the sudden death of Judge Shenk's father, it was expected that the state would close its case within two days.

### L. A. BANKER GIVEN PENITENTIARY TERM

LOS ANGELES, July 8.—V. Leigh Fulkerson, former teller of the Hillman Bank here, was sentenced by Judge Reeve today to from one to ten years at San Quentin penitentiary.

Among the \$22,000 Fulkerson was convicted of taking was \$3,000 he took from the account of Mabel Norreman, film star, according to evidence.

Judge Reeve denied Fulkerson's request for probation.

### TRANS-PACIFIC FLIGHT.

LONDON, July 8.—A Pacific ocean flight from the United States to Australia is planned by two British airmen under auspices of the air ministry.

### ROADS USE JAPS TO BREAK SHOP STRIKE, CLAIM

(United Press Leased Wire)  
SACRAMENTO, July 8.—Charges that railroads are using Japanese mechanics to break the railroad strike are made in a telegram sent to Gov. William D. Stevens today by the labor council at Barstow, San Bernardino county.

The telegram read:

"Railroad managers are using Japanese mechanics to take the places of American mechanics to break the strike."

The reply sent from the government's office reads:

"Your wire to the governor received. Sincerely trust city council will prevail against any violence. If violence occurs, expect local police officers to handle the situation."

The governor's office also wired William Shay, sheriff of San Bernardino county, asking him to take control of the situation.

### VIOLENCE ON INCREASE AS RAIL STRIKE CONTINUES

CHICAGO, July 8.—Women battled against women in the railroad shopmen's strike war today.

Railroad employment agencies sought to hire strikebreakers' wives to combat picketing by wives of strikers.

The women strike breakers were given work which they had handled during the war with war time wages. A mob of strike sympathizers here, including women, stormed the home of Michael Liepovich, who, with his wife, were alleged to have worked in the Pullman repair shops.

Wreck Workers' Home  
Windows were broken and the couple were threatened with further violence unless they quit work.

Early today a crowd of more than 100 strike sympathizers gathered along the street car line leading from the Baltimore and Ohio shops. As cars carrying the strike breakers leaving on the midnight shift, attempted to pass, trolleys were pulled on and "spotters" pointed out the men who were working.

The crowd stormed the darkened cars and dragged the strikebreakers to the street, beating them. Seven men, one unconscious, were reported taken to railroad hospitals.

With rioting in many sections of the country, union officials at headquarters expressed hopes for a quick settlement. They plainly feared that

### HOLD LAST RITES FOR ELECTRICITY VICTIM

Funeral services at the Mills and Wimbler Mission Funeral home at 10 a. m. today for Bert W. Miles, who was electrocuted at Andrade, Cal., last Sunday, were largely attended by friends of the family.

Mr. Miles was a son-in-law of Jessie M. Smith, 2129 North Broadway.

The services at the chapel were conducted by the Rev. John Oliver, pastor of the First Methodist church. Singing was by Mrs. Tom Willis. Masons had charge of the services at the grave.

### HONOR OAKLAND MEN.

CEDAR POINT, Ohio, July 8.—Albert Burns, Oakland, Calif., was elected president of the International Specialty Salesmen here late today. Other officers elected by the convention including C. P. Klinker, Oakland, Cal., second vice president.

### FOUR HURT IN CRASH.

LOS ANGELES, July 8.—Four persons were injured when two automobiles, driven by Webb C. Hyatt of Porterville and W. H. Elyer of Fillmore, collided on the Ridge Route near Saugus late last night. A warrant for Hyatt's arrest for driving while intoxicated was issued.

### BURGULARS FOOL HIM.

NEW YORK, July 8.—Editors going on his vacation Charles Brodsky, a lawyer, burglar-proofed his home and put a watchman there nights. Yesterday he turned in a list of \$5,000 worth of articles stolen in his absence.

### FINANCIAL CRASH IS LOOMING

British Premier Sees Danger as German Government Totters

TEUTONS ASK DELAY IN DEBT SETTLEMENT

Observers Fear Republic About to Fall as Result of Chaos

(United Press Leased Wire)  
LONDON, July 8.—A political and economical crisis throughout Europe is feared by Lloyd George as a result of the threatened financial collapse of Germany, it was learned authoritatively today.

He believes the situation would probably result in dangerous Franco-German difficulties. The situation is becoming worse according to his view.

The British premier is more concerned regarding Germany than over any other European situation, including that of Ireland.

### GERMANY ADMITS INABILITY TO MEET JULY PAYMENT

BERLIN, July 8.—Germany today asked the reparations commission to grant a moratorium. The government stated it cannot meet the next payments due July 15.

As a result of this demand foreign observers believe republican Germany is about to go crashing into ruin on the heels of a shattered financial system.

Complete political collapse and anarchy may follow the monetary disaster which has overtaken the republic.

Volcano of Unrest  
A restored monarchy or extreme communism are the alternatives if the republic comes to an abrupt end as a result of the present financial chaos. Berlin is afire with rumors. Absence of newspapers helps keep alive the wildest reports. The capital is kept orderly but the surface quiet is ominous, covering a seething volcano of unrest.

Banking quarters fear that decline of the mark to extremely low levels will lead to conditions such as those existing in Austria.

Political ferment is at present running high. Communists are again active in Saxony, while the nationalists are anxious to launch a monarchist movement.

### IF THE REPUBLICAN PROTECTIVE LAW

to receive the necessary two thirds majority of the Reichstag, dissolution of that body is certain to follow. New elections are likely to be called, leading to virtual civil war.

Big business is content with the drop of the mark to 500 to the dollar or thereabouts, but is apprehensive when it falls lower, as is now the case, with the new low record of 527.

### NEWBERRY AGAIN IN JEOPARDY IN SENATE

(United Press Leased Wire)  
WASHINGTON, July 8.—Results of recent and forthcoming primary elections may cause Senator Truman H. Newberry of Michigan to lose his seat in the senate.

Elimination of Senator New, Indiana and McCumber, North Dakota, means two more votes against Newberry when his case is reported at the next session of congress, anti-Newberry senators believe.

If the successors of New and McCumber line up against Newberry, only one more vote

### WOULD BE NEEDED TO UNSEAT HIM.

provided the rest of the senate votes as it did on January 12 last when Newberry retained his seat by a vote of 46 to 41.

The one vote will be asked by the people of Michigan, Newberry's own state. Representative Patrick Kelley, opposing Senator Townsend for the Michigan Republican senatorial nomination, today begins his active speaking campaign, announcing that if nominated and elected he will vote to unseat Newberry.

## Political Statements

JOSEPH P. SMITH

A legal training and a wide ex-  
perience in public affairs are urg-  
ed by the friends of Joseph P.  
Smith as among his special qualifi-  
cations for the office of county  
clerk, for which office he is a can-  
didate. His acquaintanceship with  
the problems of the county, his  
courtesy and his ability to meet  
the public are pointed to as reasons  
why he should make a first class  
county clerk.

Smith has been a resident of  
Santa Ana for the past twelve  
years. He came here from Purcell,  
Okla., where he practiced law. On  
arriving here, he was admitted to  
practice in this state. Throughout  
the world's fair, Smith was Or-  
ange county's representative at the  
exposition grounds at San Diego.  
He was given high commendation  
for the excellent work he did for  
the county there.

For several years past, Smith  
has been engaged in the real es-  
tate business here and is now a  
member of the firm of Hoffman and  
Smith, 312 North Main street,  
Santa Ana.

GEORGE JEFFREY

As a man who knows the needs  
of the fifth supervisorial district  
and as a man who will give the  
district the very best there is in  
him in time and energy, George  
Jeffrey, of Irvine, has announced  
his candidacy for supervisor of the  
fifth district.

Jeffrey has been a resident of  
the district for many years and  
every foot of road in the district,  
knows what ought to be done to  
keep the roads in shape, believes  
that public business should be con-  
ducted with the same care as is

given to private business, and be-  
lieves in getting for the county a  
dollar's worth of return for every  
dollar spent.

It is along these lines that the  
campaign for Jeffrey is being  
made. Jeffrey has engaged in ex-  
tensive farming operations. At this  
time he is engaged in developing  
an orange orchard, and, having re-  
leased his bean and barley leases  
on the Irvine ranch, will have time  
to give to his campaign, and, if  
elected, to the work of the office.

DARIUS F. JOHNSON

With the same spirit and deter-  
mination to win that he has dis-  
played throughout his career as a  
student, Darius F. Johnson has  
launched his campaign for justice  
of the peace of Santa Ana town-  
ship. It is pointed out that John-  
son's record as a high school stu-  
dent and as a student in the law  
school of the University of South-  
ern California, where he has just  
graduated, shows that he has good  
judgment, good common sense, and  
an industry that is highly com-  
mendable.

Johnson worked his way through  
high school. Determined to equip  
himself as a lawyer, he worked his  
way through law school. He goes  
before the voters of the township  
as a man thoroughly equipped men-  
tally and by training and by dis-  
position to do his duty under any  
and all circumstances, to fill the  
position he seeks.

It is believed by Johnson's  
friends, that, having grown up in  
just this Santa Ana, he will rally  
around him a strong element of  
voters, and they are looking for  
Johnson to be given at the polls  
the vote that he expects and that  
they believe he deserves.

## ROADS USE JAPS IN STRIKE IS CHARGE

(Continued from Page 1)

If the strike is drawn out much  
longer, it will get beyond the  
control of police officials in some  
shop centers.

The possibility of a quick peace  
agreement was believed greatly re-  
duced by the announcement of Ben  
W. Hooper, chairman of the labor  
board, that the men would have to  
return to work before the board  
could consider entering into any  
conference.

Conciliatory Move

By returning to the shops, the  
men would be forced to accept the  
\$50,000,000 a year wage cut which  
went into effect July 1—the main  
grievance which caused the walkout.  
At the same time announcement  
of a decision by the board that other  
classes of workers could not be re-  
quired by railroad employers to take  
up the job of strikers was consid-  
ered a conciliatory move.

The strike, one week old today,  
was becoming more noticeable to  
the travelling public. Railroads op-  
erating out of Chicago are announc-  
ing temporary discontinuance of ad-  
ditional trains daily.  
The railroad signal men union  
chiefs met here today to consider  
proposition presented by the labor  
board which would prevent their  
threatened strike.

**STRIKERS IN CONTROL IN  
ROSEVILLE, REPORT.**  
SACRAMENTO, July 8.—Investi-  
gation today of the railroad appeal  
from Roseville for troops yesterday  
revealed that the town is completely  
in control of railway men.

Mayor William Turner, chairman  
of the Carman's union. City Mar-  
shal A. Opper is a member of the  
Trainmen's union. Eighteen deputy  
marshals are strikers who walked  
out of the Southern Pacific shops  
here a week ago.

Strikers claimed troops are not  
needed. And Governor Stephens  
took the same view.

**CLAIM STRIKE BREAKERS  
WITHOUT PROTECTION.**

SACRAMENTO, July 8.—"We are  
getting no protection from the peace  
officials," Thomas Ahearn, division  
superintendent of the Southern Pa-  
cific charged today. "Men are being  
pulled off the street cars on their  
way to work. Pickets are prevent-  
ing men by force from going to  
work."

Violence was charged today to the  
strikers' pickets at both the South-  
ern Pacific and Western Pacific  
shops. Strike breakers can't get  
into the Western Pacific yards be-  
cause of the pickets, officials said.

## RUSH PLANS FOR BIG LOCAL COUNTY FAIR

(Continued from Page 1)

plans for securing permanent fair  
grounds, to include race track and  
aviation field. At least that is my  
vision and my hope. Directors are  
of the same mind."

Farmers Active

At the conference yesterday the  
farm bureau committee said that at  
least ten of the fifteen farm cen-  
ters of the county were pledged to  
make exhibits at the fair and that  
farmers already have begun to de-  
velop their exhibits.

Metzgar expressed the belief that  
the county fair would pay its own  
way, through the sale of exhibit  
spaces in the industrial section, and  
paid admissions. Probably the great-  
est expense will come in advertising  
and entertainment and both are con-  
ceded to be essential to big success  
of the enterprise.

Chamber directors present yester-  
day were Alex Brownridge, Dr. P.  
R. Reynolds, L. G. Swales, W. H.  
Spurgeon Jr., Charles D. Swanner,  
E. D. Yost and H. E. Wahlberg.  
The Orange Chamber of Commerce  
yesterday started an active cam-  
paign to secure the fair before the  
committee had decided that Santa  
Ana was the logical point for the  
display.

## WOMEN'S CLUB HAS PLEASANT AFTERNOON

PAULARINO, July 8.—Mrs. Babb  
entertained the Thimble Bee club  
Wednesday afternoon. The time  
passed all too quickly with conversa-  
tion and fancywork. A delicious  
lunch was served by the hostess,  
who was assisted by Mrs. De Lapp  
and Rachael Nugent. The lunch  
consisted of sandwiches, cake, salad  
and ice cold tea. Those present  
were:

Mrs. Babb, the hostess; Mrs. Flint,  
Mrs. Jamieson, Mrs. Nate Hughes,  
Mrs. Alex Jamieson, Mrs. De Lapp,  
of Montebello, Mrs. Knox of Green-  
ville, Mrs. Coate and small son,  
Misses Rachael Nugent and Hazel  
Flint.

The Thimble Bee club meetings  
are to be postponed until August 2  
on account of the fruit canning ses-  
sion. The meetings will be with Mrs.  
J. T. Chilcoat at that time.

Mr. and Mrs. Coate and small son  
spent Tuesday at Balboa.  
Mrs. Bierbower and daughters,  
Misses Iva, Deetla, Helen and  
Jennetta, and son, Edsell, of Orange,  
spent Wednesday forenoon at the  
Flint home. Mrs. Flint, Leonard,  
Hazel, Lyle and Neva were callers  
in Orange Wednesday evening at the  
Bierbower home.

Clifford Flint had the misfortune  
to be badly stung about the face  
head by bees last Wednesday even-  
ing.

A number of people from here at-  
tended a dance at Newport Satur-  
day. Among those in the party  
were:

Mr. and Mrs. Webber and daugh-  
ter, Jean, Mr. and Mrs. Nate Hughes  
and daughter, Ethel, and J. M. Jam-  
ieson. All reported having had a  
good time.

Mr. Brooks and daughter were  
Sunday dinner guests of Mrs. Alfred  
Wells.

Mr. and Mrs. J. E. Melvin, of  
Tustin, were callers at the J. W.  
Shiffer home Friday afternoon.

Mr. and Mrs. August Stolman and  
family, of Olive, and Mr. and Mrs.  
W. W. Joseph, of Orange, spent Sun-  
day at the M. A. Baker home.

Mrs. Emerson is spending a few  
days at Long Beach visiting with  
friends.

Mrs. Fairchild and Dorothy spent  
Tuesday at Newport Beach.

Mr. and Mrs. J. M. Jamieson and  
Esther, Mr. and Mrs. Nate Hughes  
and Ethel, and Mr. and Mrs. Clyde  
Cathcart, of Santa Ana, spent Sun-  
day at Long Beach.

Wesley Shiffer was a supper guest  
of his parents, Mr. and Mrs. J. W.  
Shiffer, Saturday, on one of his  
hunting trips from Gardena.

Mr. and Mrs. J. W. Shiffer and  
children, J. A. Shiffer, Alfred Wells  
and Bert Shaw spent the evening of  
the Fourth at Huntington Beach.

Bert Shaw and Ruby Shiffer to-  
gether with his parents, of Talbert,  
motored to Trabuco canyon the  
Fourth of July with the Sunday  
school and legion picnic of Talbert.  
Edna Chilcoat spent Sunday after-  
noon with Esther Jamieson.

Mr. Brooks and sons went to  
Hemet Sunday. Russell and Rich-  
ard stayed for the apricot pitting  
season.

RENT SOUNDS HIGH.

NEW YORK, July 8.—Richar-  
Meunier returned yesterday from Mos-  
cow and proudly told his friends he  
had paid 131,000,000 paper rubles  
for five days at a Russian hotel.

WILL COVER 'EM UP.

ZION CITY, Ill., July 8.—Wil-  
burn Glenn Voliva, ruler of Zion,  
has ordered a supply of blankets  
with which to cover knicker clad  
hiking girls while they pass through  
the village.

SUES OVER \$1000 NOTE.

Harry C. Osborne today filed suit  
in the superior court against Lloyd  
P. Fuller, seeking judgment for \$1,  
000. The suit, which was filed  
through Attorney Charles D. Swan-  
ner, was based upon an alleged  
note.

NAME ADMINISTRATOR.

Appointing of Theo A. Winbiger  
as administrator of the estate of  
Lawrence A. Hickman, deceased,  
had been entered today in the su-  
perior court.

## STAGE SET FOR BIG CLEAN-UP DRIVE HERE

Coincidentally with the announce-  
ment today at the Chamber of Com-  
merce of the men who will act as  
district captains in the clean-up  
campaign to be begun in Santa Ana  
next Monday morning, men, women  
and children here began squaring  
away to make the city a "spotless  
town."

The city has been divided into  
four districts. It was stated, with  
the intersection of Fourth and Main  
streets as the hub.

J. E. Liebig will act as captain  
in the northeast district; John J.  
Harrison in the northwest; Everett  
A. White in the southeast; and  
George W. Minter in the southwest.

City wagons will be sent into the  
districts to collect rubbish, placed  
on curbs, as follows:

Northeast district, July 13, 14 and  
15; northwest, July 17, 18 and 19;  
southeast, July 20, 21 and 22; south-  
west, July 24, 25 and 26.

In each of the districts clean-up  
operations must be completed, ac-  
cording to the announcement of the  
Chamber of Commerce, by the morn-  
ing of the first date mentioned for  
each of the foregoing four groups.

Acts as Clearinghouse  
The Chamber of Commerce, Sec-  
retary J. C. Metzgar announced,  
will act as a clearinghouse for labor  
in the clean-up campaign. Men de-  
siring employment, with pay, may  
register their names and addresses  
at the Chamber office. Similarly,  
persons who seek to engage labor-  
ers, may make their desires known  
there.

The city council has instructed  
the street department, under the di-  
rection of Superintendent Edward  
Dahl, to co-operate in every way  
possible with the Chamber of Com-  
merce.

## MOLLA LOSES TENNIS MATCH TO SUZANNE

(Continued from Page 1)

American lacked friends, but it was  
a spontaneous recognition of the  
brilliant tennis that the French girl  
had played to win.

Mrs. Mallory was given a cheer  
as she left the courts for her game  
fight against impossible odds. Never  
once did she quit. At times she  
appeared tired and discouraged but  
the fighting heart in her never fal-  
tered and even then her opponent  
smashed across the winning point,  
her arm muscles were taut and her  
jaw set with determination.

Miss Suzanne Lenglen soon after  
winning against Mrs. Mallory, made  
the following statement to the United  
Press:

"I am most delighted that I suc-  
ceeded in defending my title. Mrs.  
Mallory played a great game and  
gave me many tense moments."

Miss Lenglen was the first to  
speak on the court. Right at her  
heels came Mrs. Mallory.

The crowd gave them a great  
reception and they both smiled in  
recognition.

Lenglen spoke first to Mallory.  
Tense silence fell over the stand  
when the French girl started serv-  
ing.

Sets Whirlwind Pace  
She opened with a whirlwind  
pace and overwhelmed the Ameri-  
can woman. Mrs. Mallory with  
brilliant placements rallied and  
won the second game at 6-3.

Coming back on her own courts,  
the French woman smashed through  
the American girl's defense again  
and won the third game.

Lenglen broke through Mrs. Mal-  
lory's service and won the fourth  
game at 6-1.

Rallying with a brilliant game,  
Mrs. Mallory came back and won  
the fifth game at 6-4. They were  
both playing a terrific game.

The French girl was getting er-  
ratio and was making errors on  
outs. Lenglen won the sixth game  
at 4-2 and made it 4-3 in the  
game. It was a most beautiful  
game and the crowd sat on edge  
in tense silence. There was not  
a sound but the muffled beat of  
the balls on the court.

The French girl won the seventh  
game making the score 5-3 in  
games. The American girl was  
wobbling and driving into the net  
constantly. The tension broke  
when the French girl won the first  
set at 6-2.

While the players were chang-  
ing courts the spectators rose and  
some of them stretched in the sev-  
enth inning American style.

Continued Repeat Pace  
Lenglen smiled as the two play-  
ers passed but Mrs. Mallory kept  
her head down and seemed bent  
on business only.

The score of the first set was:  
Lenglen — 4 2 5 4 4 4—31.  
Mallory — 6 2 1 6 2 1—18.

Keeping up her fast pace, the  
French girl won the first game of  
the second set at 6-4.

The French girl continued her  
brilliant game, winning the second  
game at 6-4. The American was  
wobbling and driving into the net  
constantly. Lenglen won the third game  
at 6-4. Lenglen made a most remark-  
able recovery of an attempted place-  
ment for the final point. It was  
most brilliant tennis.

The playing of the French girl  
was most accurate and she caught  
the American repeatedly out of po-  
sition to return the volleys with  
success.

Lenglen continued her sweep to  
victory by winning the fourth  
game at 4-2.

Score of second set was:  
Lenglen — 4 2 5 4 4 4—32.  
Mallory — 6 4 2 2 1—19.

Following her defeat, Mrs. Mallory  
would make no statement for publi-  
cation, but she was heard to make  
this remark to a friend in the club-  
house:  
"I was completely off my game."

## MAN LAX ON ALIMONY WARDS OFF JAIL TERM BY PAYING UP \$240

Raymond Penhall, who had been  
notified by Superior Judge R. Y.  
Williams to bring \$250 alimony and  
attorney fees for his wife, Opal  
Penhall, or a change of undercloth-  
ing for jail, had warded off the jail  
menace today by paying the mon-  
ey.

In court a week ago, Penhall had  
admitted that he had disposed of  
his automobile to his brother, con-  
trary to the court's order that he  
sell the machine if necessary to  
raise the money for Mrs. Penhall.  
It was then that the court deliv-  
ered the ultimatum regarding the  
underwear. Yesterday was desig-  
nated as the time limit in which  
Penhall could qualify for keeping his  
liberty.

## MYSTERY PILOT IS BLAMED IN CRASH

Declaring that the unidentified  
driver of an automobile failed to  
give aid or his name after an acci-  
dent which he was accused of caus-  
ing near San Juan Capistrano, J. C.  
McMullen, 4313 Michigan avenue,  
Los Angeles, this afternoon reported  
the incident to Sheriff C. E. Jack-  
son through the mails.

McMullen's car, he claimed, was  
forced off the highway July 4, and  
crashed into a fence. The car was  
damaged, the fence was smashed  
and Mrs. McMullen was slightly  
hurt, according to McMullen. The  
accident, he said, was caused by the  
attempt and failure of the other  
motorist to pass a number of cars  
at the same time.

The guilty driver, McMullen said,  
refused to state his name or to give  
aid in getting McMullen's car back  
in the road.

## FRENCH KILL THREE IN SILESIA REVOLT

KATTOWITZ, Silesia, July 8.—  
A three-hour battle between a  
French detachment and Germans at  
Pyskowitz resulted in the death of  
six of the natives and destruction  
of houses by a French field gun, ac-  
cording to reports here. The French  
were fired upon while passing  
through the town.

## JOHN D. CELEBRATES HIS 83RD BIRTHDAY

NEW YORK, July 8.—John D.  
Rockefeller is 83 years old today.  
A birthday cake, a round of golf in  
the morning and an automobile ride in  
the afternoon completed his simple  
anniversary celebration today.

Owing to the recent death of his  
brother, William Rockefeller, the oc-  
casion was unusually quiet today.

CROKER ESTATE \$11,000,000  
WEST PALM BEACH, Fla., July 8.  
—The will of the late Richard  
Croker, formerly Tammany Hall  
leader, died here today and leaves  
his entire estate with the exception  
of \$10,000, to his wife Beulah.  
The \$10,000 goes to his daughter  
Florence. The will was drawn in  
Ireland in 1919. Croker's fortune  
is estimated at \$11,500,000.

## REPORT TIRE THEFT

Theft of two front tires and bat-  
tery coils from an automobile at  
the F. M. West ranch, Fullerton,  
was reported today to Sheriff C. E.  
Jackson. The equipment disappeared  
last night.

## ARREST 50 IN RAID

LOS ANGELES, July 8.—Fifty pa-  
trons of an alleged gambling estab-  
lishment downtown here were held  
in custody after police had broken  
in the glass plate doors. Farmer  
Page and Gus McAfee, proprietors,  
gave bail of \$50 each for the men.

## VACATION PASTIMES; SOCIAL AFFAIRS

WINTERSBURG & SMELTZER,  
July 8.—Mr. and Mrs. A. H. Moore  
were hosts on the Fourth of July  
to quite a party of relatives and  
friends who were entertained at a  
pleasant dinner.

Covers were laid for:  
Mrs. Moore's daughter and son-  
in-law, Mr. and Mrs. Collins and two  
children of Los Angeles, her niece  
and husband, Mr. and Mrs. Davis al-  
so of Los Angeles, their son, Ray  
Shafer and wife, grand-daughter,  
Gwendolyn Hapstonstall of Otay,  
San Diego county, her brother, W.  
E. Chilson and wife of Garden  
Grove, Miss Ethel Dwyer of this  
place, and the host and hostess.

Mrs. Hapstonstall arrived to join  
the family party in the afternoon  
and upon her return to Otay will  
be accompanied by her daughter,  
Gwendolyn, who has been a visitor  
here.

Mr. and Mrs. George B. Crane  
and son, S. J., spent a part of the  
day Tuesday at Sunset Beach.

Allice Wilmarth entertained her  
friend, Anita McCormack, of South  
Pasadena, as her guest from Friday  
until Wednesday. Anita left Wed-  
nesday morning, taking the car from  
Huntington Beach to Long Beach  
where she was to meet her grand-  
mother who accompanied her home.

Mrs. McCormack, of Santa Ana, who  
has been caring for Mrs. Charles  
Houser and young son, left Tuesday  
for her home. Mr. and Mrs. Houser  
have named their son Charles Clif-  
ford. Mrs. Houser's sister, Miss  
Jennie Nankervis, of Westminster, is  
with them.

Mr. and Mrs. Asa Hadley enjoyed  
a Fourth of July picnic at Long  
Beach in company with a party of  
friends.

Mr. and Mrs. Harvey Lewis and  
son, Miss Esther Lewis, and R. L.  
Draper motored to Los Angeles  
Sunday returning by way of Long  
Beach where they stopped for a time.

Misses Mary and Floreta Crane  
are home from Pomona. Miss Mary  
Crane spent five weeks there and  
Miss Floreta the past week.

## PARENTS' STAND IN LOPEMENT IS MYSTERY

The attitude of Mr. and Mrs.  
Irvin Thompson, of El Toro, toward  
their daughter, Clara, 16, and their  
new son-in-law, Edward Owen Foley,  
21, who was said to have eloped with  
the girl during the absence of her  
parents, was awaited today by the  
authorities before any official course  
would be shaped in the case.

According to a report received by  
Sheriff C. E. Jackson from Mrs.  
Boydton, of El Toro, the girl's aunt,  
the bride is only 16, although she  
claimed a marriage license here  
Thursday evening and was married by  
Justice J. B. Cox at about 9 p. m.

The aunt merely reported the cir-  
cumstance, stating that she was not  
aware what action, if any, Mr. and  
Mrs. Thompson would wish to take  
when they returned home from Es-  
condido.

The bride is a granddaughter, it  
is said, of Mr. and Mrs. W. T. New-  
land, pioneer residents of Hunting-  
ton Beach. She is said to appear con-  
siderably older than her actual age.

When her parents went to Escon-  
dido, leaving her to keep house for  
her elder brother, according to in-  
formation given the authorities, the  
girl and Foley were said to have  
seized the opportunity to wed. They  
present whereabouts is said to be un-  
known to Mrs. Boydton, who sug-  
gested that they might have gone to  
Oregon.

According to Justice Cox, the  
couple appeared before him accom-  
panied by a Mr. and Mrs. Scott.

## PAROLE IN PROSPECT FOR TWO PRISONERS

Parole after serving half of a  
six-month sentence was in pros-  
pect today for two prisoners at  
the county jail, Richard Lasalle and  
Ray Newman, whose release

## Death Notices

LOONEY—Isaac Looney, at his home, 1012 West Chestnut street, Saturday, July 8, 1922.

Funeral services to be held Monday, July 10, at 2 p. m. at the Smith and Tuttle chapel, with burial to follow at Fairhaven cemetery.

He is survived by his wife, Mrs. Laura Looney, of his home.

## Births

McKINZIE—To Mr. and Mrs. Alvin McKinzie South Main street, July 5, 1922, an 8 lb. daughter, Margie Marian McKinzie.

CARD OF THANKS

We wish to thank our friends and neighbors for their kindness and sympathy shown us during our recent bereavement also for the beautiful floral tributes.

MRS. IDA DUNCAN AND FAMILY.  
MRS. PEARL KELLEY  
MRS. J. H. KERN  
J. H. DUNCAN  
B. H. DUNCAN.

## AUTHOR BELIEVES MARS SIGNALING

SANTA CLARA, July 5.—M. F. Ross of San Jose, who is the author of the article, "A Trip to Mars," was here and he gave out the following:

"I observed the appearance of a winding ring in the sky recently. Beneath a dark, watery cloud to the east of Almaden the sun shone with such strong rays that I could not look directly at it, and on the south side rose a mercury vapor from the Almaden mines. At the same instant higher in the firmament the planet Mars was seen projecting a silvery beam passing through the watery cloud, and on the quick silver vapor was a reflection preventing truly unaccountable motions, not as lightning usually darts in the watery clouds, but as distinct in its movements as the cartoonist on the movie curtain.

"The beam was evidently of a silver color in the mercury vapor, and pale and whitish at the end toward the earth. This beam ended almost invisibly. I thought of discerning it with a water spray. Waiting, therefore, until another cloud had passed away in the upper horizon, I turned to look for the beam, but at this moment the mercury vapor was seen to lance out very long and silvery rays which shone with great luster, sweeping the summit of the Santa Cruz mountains on the southwest side of San Jose.

"Soon thereafter another black cloud passed beneath the said mercury vapor and the silver rays vanished. It seems probable that mercury vapors may have been impressed with the shadowing forms which seemed 'intimate signals from the planet Mars' by operation of the sun's rays, united with the well-known reflective substances of the mercury vapors."

## RAILROAD COMPANY PLANS FOR NEW LINE

OAKDALE, July 5.—The Sierra Railway company, which built the line to Don Pedro and is also the main supply line of the Hetchy-Hetchy railroad of the city of San Francisco, is negotiating now with the Oakdale and South Joaquin irrigation districts for construction of a line to the Melones reservoir.

Chief Engineer Newell, in company with Engineers Hartley and and A. J. Wiley, consulting engineer, Newell of the irrigation district and A. J. Wiley, consulting engineer, made a trip of inspection over the proposed route a short time ago with a view to making an estimate on the cost.

"Serves You Right"—James Con-

## City and County

Huntington Beach oil executives today were jubilant as the result of another production record during the week just closing, when the total production mounted to 29,365 barrels. This is several hundred barrels more than the previous record. Average daily production per well was 217 barrels.

High tides and heavy breakers today continued to attract sight-seers at Balboa, Newport and Huntington Beach. Yesterday at Newport the tide was high and the breakers were heavy. Some sand was washed on the pavement at Main street, Balboa. At Huntington Beach the tide was equally high, but the breakers seemed not so heavy. A quantity of sand was washed away, but no material damage was done.

Building activity had not recovered from Independence Day today, as the total for July reached only \$5,775. However, City Building Inspector W. S. Decker stated that permits which will come in before August will make July a banner month, and serve to preserve the ratio already established. The total for the year was \$1,859,825.

A meeting to organize an inter-denominational Holiness association in Orange county will be held at the residence of J. L. Sharar, Villa Park, at 7:30 p. m. next Tuesday, it was announced today.

Former Senator S. C. Evans, mayor of Riverside, who has been in Washington, D. C., in the interest of the project, will speak on the Boulder dam proposed at a meeting to be held the evening of July 14 at Hotel Kinney, Corona, it was announced here today. The speech will be preceded by a banquet beginning at 7 o'clock, also at the hotel. Representatives from Orange, Riverside and San Bernardino counties will be present.

Fred A. McDonald, Waikiki beach, Honolulu, diving expert, whom J. M. Barlow, owner of the Huntington Beach plunge, recently engaged as swimming instructor, will give what is described as a spectacular "comet fire dive" from the end of the Huntington Beach pier at 8:30 o'clock tonight. It was announced today. Henceforth it will give exhibitions at the plunge daily.

Fire Chief John Luxemburger and the local police were today anxious to make the acquaintance of the persons who at 8:45 o'clock last night turned in a false alarm. From Box 35, corner of Flower and Second streets, causing the fire department a useless run to that place. Chief Luxemburger called attention to the fact that this action is an offense punishable by a state prison sentence, and said that every effort would be made to apprehend the offenders.

Being manager of a telegraph office isn't all duck soup. F. E. Warner, chief at the Western Union here, will tell you that. Warner received a message addressed to J. T. Van Why. The latter—at least the J. T. Van Why who owns the Santa Ana Electric garage—disclaimed the telegram. So Warner is hot footing it around trying to find out the J. T. Van Why for whom the message is really intended.

Royal Arch and Blue Lodge Masons and their families of this city are looking forward to a dancing party which Santa Ana Lodge No. 241, F. & A. M., will hold at Balboa the night of July 31.

Members of the Church of the Messiah were keenly interested today in the announcement that the Rev. J. H. Johnson, bishop of the Episcopal church, is to conduct confirmation ceremonies at the church at 11 a. m. tomorrow. A special class of five is to be confirmed.

Articles of incorporation for the Y. M. C. A. of Santa Ana today continued to await the signature of C. A. Miller to complete signing of the document by the directors of the organization. Miller has not returned from Yosemite, though it was thought he would be home Thursday. The board of directors is scheduled to meet next Tuesday evening at 7:30 p. m. at Y. M. C. headquarters to consider matters pertaining to the new building project.

## FORGER SUSPECT HUNT, CAPTURE IS REVEALED

How Samuel Hansen, realty operator accused of forgery, was run to earth by his so-called "double," A. K. Cravath, local officer, during the investigation of sensational charges by John Kinmoth, Missourian, who claims that Hansen forged deeds to Kinmoth's ranch property at Fairview, was unfolded today by the authorities.

"Inside" details of the pursuit and capture were disclosed, officials uniting in giving Cravath credit for a remarkably clever piece of detective work in unravelling the case, with nothing more tangible than a post office box number as a starting clue. At the same time the striking resemblance between Hansen and the man who trailed him was pointed out.

"Take a few years off Cravath and remove his mustache and you would have Hansen," was the way one official expressed it.

At Liberty on Ball Hansen, who is accused of forging himself title to 11 acres, which he conveyed, it is said, to J. H. Duffie, and which subsequently passed to the control of John Otto, who proceeded to build a home on the property, is now at liberty under \$5,000 bail. His preliminary examination is set for August 3 at 10 a. m. before Justice J. B. Cox.

Kinmoth declares his signature to the deed is spurious, that he cannot have signed them because he hadn't been in the state since 1887, until he came here a few days ago from his home in Joplin, Mo., his suspicions having been aroused, he said. The notary, before whom the signatures were seemingly acknowledged, is alleged to be a myth.

Besides filing the criminal charge against Hansen, Kinmoth also filed a civil suit against him and against McDuffie, Otto and E. E. Lowrey, who holds a \$2500 mortgage on the place, from Otto. The civil action is intended to secure return of the property to Kinmoth.

Gets Post Office Clue Cravath, as mentioned, had only a San Diego post office box number to work on when he was assigned as special investigator of the case. This was the number to which the alleged forged deeds were ordered mailed from the county recorder's office, in October, 1919, the time the alleged offense was said to have been committed.

There was no name given, but the officer, investigating at San Diego, learned that Hansen had been the renter of that box at the time. The gram.

Two hundred and fifty members of the Anaheim lodge of Elks today were looking forward with keen interest to the visit they are to pay to the Long Beach lodge next Monday night. Officers of the sister lodge will exemplify the ritualistic work of the order. Long Beach officers and members will be in charge of the Anaheim lodge exercises at the Mother Colony July 26.

A. M. Whitney, formerly of Santa Ana, today had assumed his duties as head of the cow testing association of the San Bernardino county farm bureau. The cow testing association has been reorganized, according to advice received from San Bernardino, and more than 800 cows have been signed for the association. Whitney will make regular visits to the dairies signed for the association.

Hundreds of postcards giving data on Santa Ana, today showing a line drawing of the new auto camp on North Main street were available today to campers at the park and to local persons. The latter may obtain them at the Chamber of Commerce rooms. Several hundred have been mailed to secretaries of Chamber of Commerce throughout the state and to auto camps.

Dr. Harry E. Zaiser, superintendent of the county hospital, is able to be about again, following a severe attack of diphtheria. During his illness there was a time when it was feared he could not survive.

## BIG EXPERT ON CITY PLANNING WILL GIVE LECTURE ON TUESDAY

Dr. Carl Aronvich, lecturer on city planning in the extension division of the University of California and city planning consultant to the City Planning Commission of Berkeley, will deliver a public address on city planning at the city council chamber next Tuesday evening at 8 o'clock. Mayor John G. Mitchell announced today.

According to the mayor's information there will be no charge for admission to the hall. The mayor urged that all interested in development of the city along definite plans hear the address.

The speaker has had long experience in city planning and has had many university connections, the mayor has been advised.

## PAULARINO

PAULARINO, July 8.—Mr. and Mrs. Elmer Bogart and family and Mrs. Reeves, and Mrs. Bogart drove over to Newport and Balboa the afternoon of the Fourth.

Wesley Shiffer, of Los Angeles, visited with his parents, Mr. and Mrs. J. W. Shiffer, Tuesday evening.

Mrs. J. W. Shiffer, Tuesday evening. Mr. and Mrs. Brooks and children and Mr. and Mrs. J. W. Shiffer and children, spent the Fourth at the Alfred Wells home.

Mr. and Mrs. Flint and daughters, Hazel and Neva, spent Sunday at Huntington Beach.

Esther Jamison spent Saturday and Sunday with Edna Chilcoat.

Mr. and Mrs. Alex Jamison and daughters, Margaret and Thelma, were callers at the Nate Hughes home Saturday evening.

Mr. and Mrs. Ernest Chilcoat and daughters, Mae, Opal and Agnes, Mrs. J. T. Chilcoat and Dorothy Douglas and Claude Chilcoat spent Sunday at Huntington Beach.

Mr. and Mrs. W. S. Babb and Rachael Nugent and Mrs. De Lapp, of Montebello, spent Sunday afternoon at Huntington Beach.

Ralph Best spent Sunday with Liye and Forest Flint.

Leonard and Ardis Flint spent Tuesday at Balboa Beach.

Mrs. Chilcoat and daughter, Edna.

Difficult part of the task was still ahead of him, however. Hansen had conducted a real estate office at San Diego, but had long since departed. Cravath did not know where.

But, through a former business associate of Hansen, he learned that his quarry had gone to Denver. Immediately, communication was established with District Attorney Phil Van Cise at Denver. Van Cise, a former army officer, is a friend and former associate of Major M. B. Wellington, Santa Ana attorney, and was responsible for Wellington taking up military service.

Incidentally, Wellington is now interested in the present case, having been retained as counsel for John Otto in the civil action brought by Kinmoth.

Van Cise co-operated ably and secured trace of Hansen through the latter's sister, Mrs. Gladys Bovee, who furnished a Los Angeles address as the last known whereabouts of Hansen. Also, Van Cise revealed, it was stated, that some question was attached to the real estate activities of Hansen while he was in Denver, relating, it was said, to an effort to sell business property belonging to his father-in-law, in the outskirts of the city.

Getting thus warmer on the trail, Cravath turned his attention to Los Angeles. The address given him, 729 Casanova street, proved to be an extremely elusive affair, he found. After great difficulty he located the spot in a secluded neighborhood near Elysian park, where many a detective would have been excused for overlooking it, according to the officials.

Capture Finally Made Success attended the finding of the house, for Cravath learned that Hansen occupied the place. He identified the tenant by the description given him. Hansen, personally was not to be found.

The rest was comparatively simple. Cravath notified Los Angeles county authorities and an officer lay in wait at the Casanova street house. Hansen was taken into custody Thursday night.

He has retained Attorney Horace H. Apel, Jr., Los Angeles, son of the late Horace Apel, who was one of the most noted attorneys of the metropolis. A stubborn legal battle against the charge filed against him is expected.

spent the Fourth at Balboa.

Mr. and Mrs. Fry, of Orange, were callers at the Flint home Tuesday morning.

Rachel Nugent, who has been spending a few days in Montebello with Mr. and Mrs. De Lapp, has returned home.

Mr. and Mrs. Flint and sons, Lyle, Forest and Clifford, and daughters, Neva and Hazel, spent Tuesday at Newport, returning in the evening to see the fireworks.

Mr. and Mrs. Gus Lembke and family spent Sunday at Olive visiting with Mr. Lembke's mother, Mrs. C. Lembke.

## MARKET REPORT

## WALL ST. JOURNAL FINANCIAL REVIEW

NEW YORK, July 8.—Demoralization of German politics will mark making a new low for all time at 1008 and the prospect of German bankruptcy, affected sentiment of the street and the stock market after an irregular opening today, most stocks declining decidedly toward the close.

Feeling in the street recently has been bullish on the whole and particularly in rails. As pointed out by the Wall Street Journal editorially indicated:

## UNION PACIFIC

C. S. BROWN, G. A., 418 Bush Street, Santa Ana, Calif. Telephone 1877

tions on the average secondary resales which brought the market down from 96.41 on May 23 to 90.70 on June 12 and the railroad average from 88.82 to 81.81 in the same period, the railroad average has made a new high, while the industrial average on July 7 failed to 94.63, a recovery of nearly 4 points.

So far as these figures go, they point to a reduction of the major upward movement, but the two averages must confirm one another to give a positive indication. In other words the twenty industrial stocks must sell at an average of 96.42 or better.

CHICAGO BOARD OF TRADE

CHICAGO, July 8.—Grain prices dropped sharply on the Chicago Board of Trade today.

Lack of export demand continued as the leading factor in the decline. Reports that Germany could not pay for her present supply of American wheat and had cancelled all future shipments was a strong bearish influence. Heavy shipments of wheat from Western fields in further depression of the market. Corn and oats dropped in sympathy with wheat. Provisions were lower.

CATTLE—Receipts 5,000; market steady; choice and prime, \$9.85 to \$10.30.

SHEEP—Receipts 5,000; market steady; lambs, \$12.75 to \$14.00.

SAN FRANCISCO MARKET

SAN FRANCISCO, July 8.—Owing to lighter receipts and fair demand the cantaloupe market showed further improvement today. Prices on standard crates ranged from \$1.50 to \$1.75 for the best firm stock and pony crates at \$1.25 to \$1.50. Soft stock was generally selling 25 to 50c less by the crate. It is reported that the smaller cantaloupes are not being picked at this time as the supply has been excessive and growers have not realized cost out of them.

It is expected there will be an immediate increase in demand for cantaloupes and light demand. According to U. S. Bureau of markets 38 cars left Imperial Valley on July 6. Five cars arrived today.

The berry market was well supplied. Demand was rather light for Saturday and some dealers will not be able to clean up their supplies Black logan and genuine blackberries were in very light demand and much of the supply will necessarily go to the canners. The minimum price to the grower has been reduced but this did not improve the situation materially.

Peaches were in liberal supply and dealers were asking 25c less on lugs in order to clean their floors.

Supplies of summer squash are at least temporarily light and lugs advanced to 50 cents and \$1 each.

Supplies Light: Pineapples, currants,

# IN SANTA ANA CHURCHES

Where to go and what to hear

First Christian Church—Corner Sixth and Broadway; E. T. Porter, minister; Bible School, 9:30 a.m.; C. E. Phillips, director; Men's class, West End theater, 9:30 a.m.; worship and sermon at 10:45 a.m., subject "Adornment"; Christian Endeavors 6:30 p.m.; evening service 7:30, subject "The Heathen Invasion." Mrs. Hummel, director of music.

The First Methodist Episcopal—Situated at the corner of Sixth and Spurgeon. John Oliver, pastor; residence 609 Spurgeon, phone 110; office in the church, phone 1300. Order of services for tomorrow: Sunday school at 9:30 a.m., W. J. Saunby, superintendent, classes for all ages; morning worship 11 o'clock, the pastor will preach from the text "Do this in Remembrance of Me"; the choir will sing "God of Our Life" by Sullivan; evening service at 7:30 o'clock, Dr. Oliver will give a stereopticon address on "Uncle Sam's Spiritual Experiment in the Philippines," special music by the choir and quartette. The Epworth League will hold an open house at 5:30 o'clock; departmental conferences and round table discussions will make up the program; light refreshments will be served; a great meeting for young people at 6:30 o'clock.

Church of the Nazarene—Corner Parton and Fifth streets. Sunday school, 9:45 a.m.; morning service 11 a.m., sermon by the pastor, subject "The Second Coming of Christ"; young peoples' meeting 6:30 p.m.; evening service, a revival meeting, sermon by the pastor; prayer meeting Wednesday 7:30 p.m.; Y. F. M. Friday evening, 7:30. L. H. Humphrey, pastor.

United Presbyterian Church—The Rev. J. M. Blackwood, of Pittsburgh, Pa., Bible school secretary of the board of home missions of the United Presbyterian church, will preach at 11 o'clock. Owing to the absence from the city of the pastor, Dr. J. G. Kennedy, attending the United Presbyterian summer conference at Pacific Palisades, there will be no evening service. The Bible school meets at 9:45; departments and classes for all ages.

St. Peter's English Lutheran Church—Sixth and Van Ness streets, Rev. G. F. Pauschert, Pastor. Sunday school and adult Bible class, 9:30; worship and sermon, 10:30. "The Incomparable Glory Awaiting the Redemption of the Body"; a German sermon at 11:30. No evening service during July and August. A cordial welcome to all.

First Congregational Church—Seventh and Main; Perry Frederick Schrock, minister. Morning worship at 11, Dr. George A. Andrews of Tucson, Arizona, will speak on "The Live Wire"; at 7:30 p.m., the second half of the motion picture "The Barbarian" will be shown and Dr. Andrews will speak on "Right Thinking."

Zion's Evangelical Church—Corner Tenth and Main streets. G. A. Stierle, pastor. 9:30 a.m., preaching in German; 10 a.m., Sunday school, "Daniel Interpreting Dreams." E. J. Heiser, superintendent; 11 a.m., communion service by Rev. F. H. Deescher, P. E.; 6:30, Y. P. A. Junior and Senior. Topics: Lessons from Birds and Beasts; How to Get Blessings of Freedom; leader, Miss Doris Wells; 7:30 p.m., sermon, John Mark. Wednesday night at 7:30 prayer meetings, Saturday night, teachers' meeting, choir practice. Convention and camp meeting July 30, August 6, in eucalyptus grove.

# TELLS MARCH OF TIRE INDUSTRY ADVANCEMENT

"It is safe to say that in but one other industry, that of the automobile, has there been so great an era of advance and improvement as in automobile tires manufactured by the standard companies," said W. H. Sutton, of the local Miller tire sales agency, 415 West Fourth street.

"In the early days of the tire industry, the demand naturally was limited, the cost of production was high, and the secret of building the present-day high mileage and quality into the product had not been discovered.

More Tires Demanded  
"With the tremendous increase in production of the automobile, came a correspondingly increased demand for tires, to meet which it became necessary largely to increase production of existing plants, install new and improved machinery, and to adopt latest approved methods, thereby materially adding to quality of the product and greatly reducing its cost of production.

"This improvement has been steady and uninterrupted, giving to the motorist not only a constantly improving product at a steadily decreasing price, but with it too the greatest improvement of all—the cord tire, with its greater flexibility, higher resiliency and high-mileage record.

Special Tube Invented  
"But that is not all. As the demand for cord tires increased, it proved that the ordinary tube, used with fabric tires, was not well adapted to the cord casing with its over-size, its greater strength and unusual flexibility, and this condition led to the development of a special tube to meet this requirement—in reality a 'cord' tube, built thicker, larger and stronger than regular tubes, and with service more nearly equal to that of the cord casing itself."

## PRaises PAIGE AFTER PORTLAND MOTOR TRIP

In a letter addressed to Harvey Traveler, salesman for Edgar and Hays, local Paige dealers, Jack McDonough, former moving picture man of Huntington Beach, advises that tourists by the hundred are headed for California. The letter was written in Portland after an auto trip from Los Angeles in a Paige 6-66 car.

According to Neal Edgar, McDonough reported an average of 14 2-3 miles per gallon of gasoline. "In McDonough's own words, 'mountains were like level roads to his Paige,'" Edgar said.

The friendly church where everybody is welcome to all of the services.

Two Bible Schools, meeting at 9:30. Classes for all ages from the tiny tots to the grand-parents.  
Preaching at 11:00 a. m. and 7:30 p. m. The pastor, Dr. Otto S. Russell, will preach at both services. Morning topic, "A Woman's Abiding Choice"; evening topic, "Visioning with an Unveiled Face."

Mr. Alfred Butler, organist, will play in the morning—Andante from 5th Symphony (Beethoven); Adagio in E flat (Bach); Hosanna (Wachs).

The choir will sing, "Come Unto Me" (James), and Mrs. Sammie will sing the solo, "Like as a Father" (Davis).  
In the evening a fifteen minutes' organ recital will precede the regular service, consisting of the following numbers: (a) Fantasia Rustique (Wolstenholme); (b) Reverie (Lemare); (c) Fugue (Dunham); Offertory Pastorale (Lemare); Postlude in D (Lemmens); and the anthem "My God and Father While I Stray" (Marston).

Sunday School officers' and teachers' supper Monday, 6:30 at the home of A. M. Robinson, Tustin.

Christmas tree in the dining room, 2:30 p. m. Wednesday for Mrs. Ashmore and Miss Viola Hill. These ladies are both planning to return to China in August. A very interesting program has been prepared.

A. R. Marshall will lead the prayer meeting next Wednesday evening. Lesson: Contrasting Peter and John.

# The Social Mirror--Clubs, Lodges

## Department President Is Honored at Luncheon By W. R. C. Members

Woman's Relief Corps members were today enjoying in retrospect, the first official visit of the department president, Mrs. Emma J. Scheer of Santa Monica which was recently made the occasion for an unusually delightful day, participated in by Corps, Sedgwick Post and Daughters and Sons of Veterans, with the W. R. C. as entertaining hosts.

Mrs. Estelle Ludwig, president of the W. R. C. had arranged a charming luncheon for 12 o'clock at G. A. R. hall, and places were indicated for the guest of honor, Mrs. Scheer, Mr. and Mrs. H. L. Scheer of Lincoln, Neb., who accompanied her; Mrs. Jessie Richmond Reed of Riverside, past department senior vice-president; Mrs. Mary E. Chappel, Mrs. C. G. Decker and Mrs. Dora Stephenson all of Riverside; George Huntington, commander of Sedgwick Post G. A. R.; L. A. Ludwig, commander Sons of Veterans, and many other guests.

The menu was most appetizing and the decorations were another example of the skill and originality of Mrs. Elizabeth Birkhead. At 2 o'clock, the business session for the Corps members opened. At this time there were four new members to be admitted to the order, Mesdames Sarah Hedges, Mrs. J. Davis, Olive Schroll and Alberta Harrison. In an exceedingly interesting talk from Mrs. Scheer, which occupied a prominent part on the afternoon program, she took occasion to compliment the work of the local order and to ask that it present one of the four public exemplifications to be given by the department during the present year. The last week in August was named as the approximate date.

Mrs. Scheer gave an outline of the conditions which led to the organization of the W. R. C. and stated that the need which demanded its organization, that of giving aid to soldiers of the Civil War, was rapidly growing less but that other duties remained, Americanization, child welfare and thrift, among the crying needs, she declared, while the opportunities for "mothering," loving and aiding the lads of the World War were limitless. "It is all a work of love," concluded the speaker, "and only willing hands and loving hearts are enrolled to do it."

At the close of the splendid talk, Mrs. Scheer was presented with two packages by Mrs. Ludwig, containing a beautifully embroidered dresser scarf, a personal gift from Mrs. Ludwig and the work of her own hands, and a handsome tea-set from the Corps. Mrs. Emma J. Chapman, president of the Daughters of Veterans, then gave the honor guest an artistic bouquet of gladioli, ferns and baby's breath.

Short talks followed from Commander Huntington and other members as well as from out of town guests. Mrs. Winnie Biggs sang most sympathetically, "The Story Old," with its appropriate theme of love. Mrs. Ludwig, in accordance with a custom she established immediately after accepting the presidency, presented a birthday gift to each of four comrades who celebrated their natal day in July. These were Comrades W. J. Lessor, G. F. Crane, J. Long and Dr. R. M. Stewart, who each received a flowering potted plant. Delicious fruit punch and wafers served in the banquet hall, brought the happy day to a close.

Among the announcements made, that of the monthly tea was important. It will be held Friday, July 14 with a program provided by Shiloh Circle with Mrs. Martha Crane, chairman.

The next regular meeting of the Corps will be July 20 when Whittier members will be honored guests. Local members are also anticipating Tuesday, July 18 when they will visit Huntington Beach Corps.

## Social Calendar

July 10—Practice meeting for officers of the Daughters of Veterans at G. A. R. hall; called by president, Mrs. Emma Chapman; 2 p.m.  
July 10—Opening of Daily Vacation Bible school at First Presbyterian church; hours from 9 a. m. to 12 m.  
July 11—"Mothers' meeting" under auspices of W. C. T. U. at Birch park; 2:30 p. m.  
July 14—Tea of Woman's Relief Corps, with Shiloh Circle members presenting the program; G. A. R. hall; 2:30 p. m.  
July 20—Meeting of W. R. C. entertaining the members of Whittier Corps; G. A. R. hall; 2:30 p. m.

## Vacation Wanderings of Santa Ana Party Are Particularly Enjoyable

Returning to this city after several weeks' wanderings over unusual highways and by-ways, Mr. and Mrs. James A. Tarpley, 644 North Van Ness street, have many pleasant memories of a motor trip that was extended beyond first planned limits, at the request of Mr. and Mrs. H. T. Trueblood—who are still wandering far afield.

Mr. and Mrs. Tarpley left nearly two months ago for an automobile outing with Portland as their destination where they planned to visit Mrs. Tarpley's aunt, Mrs. Fred Norton. At the time of their leaving, they planned to meet Mr. and Mrs. Trueblood, 516 South Main street, who also were to visit relatives in Portland, Mr. and Mrs. W. H. Wharton.

The little group had many pleasant experiences, so pleasant in fact, that all were reluctant to conclude the trip, so plans were made to journey on to Vancouver, where roads, scenery and climate were all found to be highly interesting. Mr. Tarpley asserts that his automobile found the change most refreshing, requiring three new tires ere the conclusion of the outing.

One of the most pleasing of the many delightful side trips was to Klamath Falls where the panorama was unusually beautiful.

The party separated on the return southward. Mr. and Mrs. Trueblood reaching here last Saturday to welcome Mr. and Mrs. J. M. Bruce of Oakland for an over-the-fourth visit. Mr. and Mrs. Bruce took their departure yesterday after an enjoyable outing at the Tarpley cottage at Balboa Beach, with their hosts. The Comus club dance Thursday night was one of the pleasures of their visit.

Mr. and Mrs. Tarpley are anticipating the early return of the Truebloods when reminiscences of the trip may be enjoyed.

## Personals

Mr. and Mrs. Roy Butler, 819 West Fifth street, are entertaining Mr. Butler's sister, Mrs. Floyd Temple, who arrived a week ago from Indianapolis, Ind. They were joined over the Fourth by their sister, Miss Blanche Butler of Los Angeles and the entire party enjoyed an outing at the beach. Mrs. Temple will remain for a three months' visit, dividing her time between the home of her brother in this city and relatives in Los Angeles.

Dr. Mary E. Wright returned yesterday, from a week's attendance at the National Osteopathic convention held at the Ambassador hotel, Los Angeles. Dr. Wright was on the examining board and advised in the children's clinic on Thursday afternoon, which was conducted by Dr. Jeanette Bolles of Denver, and Dr. F. P. Millard, of Toronto, Canada.

Miss Anna Hammond of Brooklyn, New York arrived yesterday to be the summer guest of Mrs. F. E. Richter of Tustin avenue.

Concluding a visit of several weeks at the home of her parents, Mr. and Mrs. Penner A. McFarren, 202 Orange avenue, Mrs. George B. Crawford, with three young sons, Donald, Bruce and James, yesterday left for her home in Pocatello, Idaho.

Mr. and Mrs. Stanley Reed and Mr. and Mrs. Oliver Halsell have returned from a delightful outing in the San Jacinto mountains above Idyllwild. The party took camping equipment along and enjoyed getting "back to nature."

Making a two o'clock-in-the-morning start for Big Bear, Mr. and Mrs. William A. Kints left this morning to spend a week's vacation in that region in celebration of their eighth wedding anniversary.

The Rev. J. L. Parks and Mrs. Parks, 1105 West Third street, are entertaining their daughter, Mrs. Rea Briggs of Orem, near San Francisco, and her children, Rea Clare, Eleanor, Ruth Belle and Richard. The Rev. Mr. Parks is putting the finishing touches upon his cottage at Balboa island, and the visit of his daughter will be marked by many happy days spent at the pretty little seaside cottage.

Mrs. Cora Carvins of East Pine street, and Mr. and Mrs. A. M. Lacy, 614 South Ross street, have reached home after a delightful two weeks spent in the Yosemite. The Lacy car, in which the trip was made, was fully equipped for camping and the entire outing was a most enjoyable one.

Sailing today on the "Yale," Mrs. B. C. Roberts of the Mode Millinery company will spend a few days in San Francisco, later joining her husband for a month's visit in Eureka.

## Home from Convention

Dr. Mabel Vance Tremaine returned today from attending the National Osteopathic convention in session the past week in Los Angeles, and during which, she had the pleasure of meeting many former schoolmates at the Ambassador hotel where she was a guest.

Among the pleasant social affairs of convention week, was the luncheon yesterday in the coconut grove of the Ambassador, honoring Dr. George Goode of Boston, newly elected national president and a classmate of Dr. Tremaine's at Kirksville, Mo., in 1905.

The luncheon was tendered the new president by his Kirksville classmates of whom twenty were present, together with their families.

## Daughters of Vets

Mrs. Emma Chapman, president of the Daughters of Veterans, has issued a call for her officers to meet at the G. A. R. hall Monday afternoon, July 10 at 2 o'clock, for practice. A full attendance of the official family is requested.

The Sutorium for service, Call 279.

## Departing President To Preside Over Program of W. C. T. U. Mothers' Day

It would seem highly appropriate that the meeting of the W. C. T. U. to be held Tuesday, July 11, and which has been designated as a "Mothers' meeting," should be under the direction of Mrs. G. P. Hill, for Mrs. Hill might well be called the "mother of Santa Ana W. C. T. U.," since she is at present, the only charter member affiliated with the local branch.

It was in May, 1886 that the local Union was established and while there are several charter members still living in the city, they have severed their connections with the organization. It is only a matter of a few weeks until there will be no charter member left in the organization, for Tuesday's meeting will be the last to be presided over by Mrs. Hill, since the family plans moving to Hemet in August.

Birch park will be the scene of the gathering at 2:30 in the afternoon and a full attendance of members is desired. All visitors will be accorded a cordial welcome also, especially mothers and it is pointed out that there is ample room for the little people so they too, will be welcomed.

## Quiet Afternoon Wedding

Local friends were keenly interested today in the announcement of the marriage of Mrs. Mary E. Breckenridge of this city and William E. Griffith of Huntington Beach, which took place at the parsonage home of the Rev. F. T. Porter, Thursday evening, July 6 at 5 o'clock.

Mr. and Mrs. Griffith have decided to make this city their permanent home and to that end have purchased property and are now located at 901 Cypress avenue, where they are at home to their many friends of this vicinity and that of Huntington Beach.

## Local Wedding

A wedding of interest to San Bernardino and Long Beach social circles was that of Miss Alice L. Schubert of San Bernardino and James H. Grigsby of Long Beach which occurred in this city early in the week. Miss Schubert was connected with the San Bernardino National bank as bookkeeper for some time, while Mr. Grigsby is one of the prosperous young business men of the beach city. At present they are enjoying a honeymoon trip in the mountains and upon their return will make their home at Long Beach.

## DRY OFFICERS STAGE \$100,000 BOOZE RAID

SAN FRANCISCO, July 8.—Six hundred cases of Scotch whiskey worth \$100,000 were seized in a prohibition enforcement raid here late yesterday afternoon. It was the largest haul ever made here and was found under a warehouse floor. No arrests were made. Many cases were wet with salt water, indicating they had been fished from the bay. They bore a Vancouver, B. C. mark.

## UPHOLD MURDER CONVICTION.

OLYMPIA, Wash., July 8.—The conviction of James E. Mahoney in King county last October for the murder of his aged and wealthy wife, Kate Moores Mahoney, was affirmed by the supreme court today. Mahoney, upon conviction, was sentenced to death.

## Sausage and Apples In Unusual Combination

SAUSAGE and apple rings combined make an appetizing and nourishing dish for the principal meal of the day. With the tart Red Astrakhan apples now on the market, the dish may be prepared easily as the freshness of the fruit is a welcome change from the cold storage varieties to which we have been accustomed.

To make this dish: Pare and core four apples. Cut in rings one-half inch thick. Parboil one pound sausage. Cut in slices about three-fourths of an inch thick.

Put a layer of sausage in a lightly buttered baking dish. Cover with a layer of apple rings. Sprinkle with sugar and a dash of cinnamon. Continue layer after layer until all is used. The last layer should be of apples. Bake about an hour in a moderate oven.

Always serve a tart simple salad with pork and let the dessert be of fruit.

Another novel sausage dish is sausage surprise.

Sausage Surprise.  
Two cups mashed potatoes, 2 eggs (yolks), 1 pound sausage. Remove skin. Cut in lengths of two or three inches. Roll in fine dry cracker crumbs, dip in eggs slightly beaten, roll again in crumbs and fry in deep hot fat. The fat should be hot enough to brown a cube of bread in 40 seconds.

"In placing water in the battery cells, care should be taken not to fill them to too high a level, for the water will then tend to work through the top, starting corrosion of the terminals and quick destruction of the wooden box," A. C. Roederske, Hobbs battery expert at Stein's Motor Car service said today. "The top of the box should therefore be kept quite dry and the terminals should occasionally be cleaned and covered with vaseline, so that moisture may not collect upon them."

"The importance of adding only water to the cells of the battery cannot be emphasized too heavily. If acid is added, exerted by an expert in battery disorders, the performance of the battery may be temporarily improved, but there is the very grave danger that the plate material may become soft and fall out of the grid and the entire battery will then be useless."

## CREDIT ASSOCIATION NOTICE IS RECORDED

Incorporation of the Orange County Credit association has been made a matter of record at the office of the county clerk. The organization proposes to engage in the business of credit ratings and collections. Its principal place of business will be in Santa Ana.

The directors are Robert L. Conway, G. Werner Leo, H. P. Rankin and Morris A. Cain, all of Santa Ana. The association's capital stock is \$10,000, divided into 1000 shares of par value of \$10 each. The amount actually subscribed is \$50.

## 'Big Bear' Population of Summer Dwellers Always Changing

Among the summer residents at Eagle Point, Big Bear, there is a constant ebb and flow of travel. Of the cottagers who have returned to Santa Ana homes for brief periods, are Mr. and Mrs. George S. Smith of 916 French street who with their daughter, Mrs. R. F. Atsatt of San Francisco and her attractive small son, Stuart, spent two weeks at the delightful mountain resort.

Mrs. Atsatt with her little son will leave Monday for San Francisco and soon after her departure, Mrs. Smith will return to the Point, to remain for the rest of the summer, with Mr. Smith joining her for week-ends.

When the party returned to this city, they were accompanied by Dr. and Mrs. P. R. Reynolds of 720 Bush street and A. W. Rutan of North Main street, Mrs. Rutan remaining in camp where she will spend the month of July. Mr. and Mrs. C. S. Crookshank and their interesting family of young people, are remaining for the entire summer, while of those who have returned or are contemplating an early return to this city, are Mr. and Mrs. Robert Simon of North Broadway and the Edward McWilliams of Orange avenue.

## NEW ARRIVALS ARE HAPPILY SURPRISED

TALBERT, July 8.—Mrs. Florence Presson planned and most successfully carried out a delightful surprise last Saturday evening in honor of her sister, Mrs. Straub, whose birthday anniversary was the incentive for the pleasant occasion.

The invited guests met at the Presson home and in a group invaded that of Mrs. Straub, which is but a few doors distant.

Games were played until a late hour at which time a tempting array of delicacies, consisting of two kinds of ice cream and five varieties of cake was served.

The area about a large weeping willow tree which stands in the yard of the Straub home was the scene of the merry occasion which in a sense was also an affair of welcome to the Straubs who are recent arrivals from the East and this party enjoyed by lantern light proved the depths of the welcome accorded.

Those on the guest list were: Mr. and Mrs. Silas Hill, children, Eugene and Alice, and Mr. and Mrs. Chester Hill of Fullerton, Mr. and Mrs. Munroe Humphrey, daughter Iva and son Harold, Mrs. Humphrey's brother, Mr. Ross and daughters, Velma and Helen, of Orange, Mrs. Wilfred and three children of Boise, Mr. and Mrs. Virgil Presson, children Lola and Wilfred; Mrs. John Cochran and daughter Jane; Mrs. Ross, Clarence Bland, Eugene Barbee, Mrs. J. J. Woodson, Miss Mable Lee Woodson and Dorothy Woodson; Mr. and Mrs. Straub and Alberta; Mr. and Mrs. Jess Davis, Ollie, Dora, Lee, Irwin and Baby Davis; Mr. and Mrs. Greenberg Presson, children Myrtle and Lester, and the honoree and her husband, Mrs. and Mr. Straub.

## BARES INCREASE IN EMPLOYMENT IN JUNE

WASHINGTON, July 8.—Employment in the United States during June increased 8.2 per cent, according to a report made today by United States employment service of the department of labor.

Approximately 179,328 people were returned to work in various industries.

## Notice The Jantzen Suits On The Good Swimmers

—A good suit alone will not make a good swimmer, but it will help. We have them for men at \$3.50 to \$6.00.  
—Boys' and children's sizes are here in the best wool at \$2.00 to \$5.00.  
—We also have many excellent cotton bathing suits for men at \$2.00.

## EDISON \$15,000 ACREAGE DEAL ANNOUNCED

Papers through which the Southern California Edison company will acquire title to two and a half acres at the northeast corner of Washington avenue and Santiago streets, where a pole yard, garage and store room will be maintained, were in escrow today, W. L. Deimling, district manager for the electric company, announced.

The property was purchased of John J. Lutz, at a consideration of \$15,000. M. M. Hearn, salesman for Shaw and Russell, realtors, negotiated the transaction.

Plans for the new buildings on Washington avenue will be ordered drawn at once, Deimling said.

Materials and equipment now stored in the company's buildings and yard at the northwest corner of Second and Sycamore streets, will be removed to the new site as soon as the structures there are completed, probably early in the fall, according to Deimling.

The company will retain its lots on Sycamore street and will continue to maintain its sub-station there.

Eventually, Deimling said, the company probably will build on its Sycamore lots a modern office and sub-station building.

## TO WATCH CONVICT CLOSELY ON TRIP

Special precaution would be observed, it was believed, by guards delegates to conduct Carlos Silvas, convicted forger, to San Quentin this afternoon, Superior Judge R. Y. Williams having today sentenced the Mission Indian to serve from 1 to 14 years in state's prison. Sentence was passed after Silvas had been refused delay so that he might get in touch with the Indian agent for the purpose of appeal.

Silvas, who was convicted of forging the name of Max Salschelder, Anaheim cafe owner, to a \$29.50 check, was regarded as a desperate character by the authorities. He has already served one term at San Quentin for forgery and was arrested several times as a hold-up, but escaped conviction.

Following the pronouncement of sentence today, Silvas was being led from the courtroom by Bailiff J. M. Gunnett when he noticed a set of handcuffs carried by the officer.

"Those things won't keep me from running," he told Gunnett. "Silvas," replied the latter. "I can't run and you had better not try to; for you'll not get far if you do."

Officer and prisoner eyed each other for a moment. Then the Indian relaxed his tense attitude and turned toward the jail.

"Oh, all right," he said carelessly. "I'll be good."

But City Marshal Jack Tinsley, of Huntington Beach, and R. L. Obarr, of that city, who will conduct Sil-

## MOTHER LOSER IN FIGHT TO SAVE SON FROM SAN QUENTIN

With a protestation of innocence on his lips and his mother's sobs in his ears, Manuel Leon, 19, of Placentia, today lost his plea for probation under a forgery conviction and was sentenced to serve from 1 to 14 years at San Quentin.

The youth held stubbornly to his declaration that he did not commit the offense of which he was found guilty. In the face of proof that convinced not only the jury but apparently all court officials who observed the trial, he persisted with denial. And by doing so, he patently injured his chances for leniency.

"Probation was not meant for that class of defendants who, instead of confessing their wrong and showing repentance, remain stubborn and cling to falsehood," Judge R. Y. Williams remarked in denying the application for probation. Leon came into the court room in tears. Passing through the corridor under guard, he had met his mother, Mrs. Maria Leon, who wept bitterly. The meeting broke down the boy's reserve.

Later, the mother took the witness stand in an effort to save her son from prison. She said that his father was dead and that he was the main support of her and the younger children. It was his first experience with the law, she said. But when the court sought to question Leon as to why he had committed the alleged forgery Leon declared that he had not committed the offense.

Declaring that a comparison of handwriting specimens had convinced him that Leon was actually guilty, and pointing out that other asserted forgeries had been assigned to the defendant as well, Judge Williams denied the plea. Leon will be sent to San Quentin late next week, it was announced today.

## ANAHEIM WOMAN, 86, NEAR DEATH IN FALL DOWN CELLAR STEPS

Mrs. Antae Sievers, 86, of Anaheim, who sustained severe injuries in a fall at her home, was reported today to be in a serious condition at the county hospital, where she was brought last night.

Falling down the cellar steps, Mrs. Sievers received internal injuries, a broken hip and broken arm.

## RUBIDOUX LOSES IN HOLLYWOOD CONTEST

Winner Over Riverside Boy Arrested for Burglary After Victory

(United Press Leased Wire)  
 LOS ANGELES, July 8.—Shortly after he had taken the decision from Ad. Rubidoux in the semi-windup of the Hollywood bouts last night, Jimmy Callahan was arrested on a charge of burglary.

The charge was made on telegraphic advices from Vallejo where Callahan was known as Fred B. Callender. No details were given in the wire from Vallejo authorities for whom Callender is held at the city jail.

Frank Murphy won the decision from Sailor Ritter by a lucky jab in the fourth round of the main event of the Legion show.

## ST. LOUIS PLAYERS HOLD LEAD IN RACE FOR HITTING TITLE

Sisler of the St. Louis Americans, and Hornsby of the St. Louis Nationals continue to lead their respective leagues in batting, according to averages made public today. Sisler's average is .433 and he is followed by Cobb, Detroit, with an even .400. Hornsby is batting for an average of .394 and is followed by Hack Miller, formerly of Oakland but now a member of the Chicago Cubs, whose average is .360.

The three American league sluggers following the leaders are Speaker, Cleveland, .357; Hellman, Detroit, .356, and Miller, Philadelphia, .354.

The trio following Hornsby and Miller in the National are Bigbee, Pittsburgh, .358; Grimes, Chicago, .351, and Johnston, Brooklyn, .350.

The leading home run hitters in the two big leagues are Hornsby, Cardinals, with 21; Williams, Browns, 20; Walker, Athletics, 18; Ruth, Yankees, 14; Miller, Athletics, 13; Hellman, Detroit, 13; Williams, Philadelphia Nationals, 12, and Wheat, Brooklyn, 11.

## SPEAKER SAYS DAME MISFORTUNE ALWAYS ON INDIAN'S TRAIL

NEW YORK, July 8.—Some day the Cleveland Indians are going to get rid of their jinx and the next day—it'll come back again.

That's the way Tris Speaker, the big chief of the Ohio tribe, looks upon baseball life.

We've always had Dame Misfortune with us and her presence this year has kept us down in the race. We're not giving up hope though, because even as excess baggage, she can be carried long," Speaker said today.

"There isn't a man on our ball club who hasn't been out at some time with injuries. When we had only one player on the disabled list we were having our best luck. Our pitchers have been going bad and no club can get any place without pitching," he said.

## PUT IRISH OLYMPIC CONTEST UNDER BAN

NEW YORK, July 8.—Because of "existing conditions" in Ireland, the American A. A. U. has decided it "inexpedient" to send a team to compete in the Irish "olympic games" in Dublin starting August 6.

## GOLFERS AT SKOKIE PLEADING FOR RAIN

Drouth Makes Course Too Fast for Title Play Starting Monday

CHICAGO, July 8.—Officials of the Skokie country club here, scene of America's golf classic, starting Monday, besieged the weather man for rain today.

The course over which the national open championship tournament is to be played is dry and too fast for title contests. Rain has not fallen for 41 days.

The fairways are so baked that Abe Mitchell, the siege gun of Great Britain, yesterday drove the seventeenth green, 430 yards, the ball carrying about 225 yards and rolling the rest of the way as though on a pavement.

Mitchell and his compatriot, George Duncan, however, were unable to do better than 72 strokes each, and they lost a best ball match to John G. Anderson, New York amateur, who also scored 72 and John Farrell of Philadelphia, who had 34-36-70.

Another distinguished four ball match was won by Jack Hutchison, recent British open champion, and Leo Diegel of New Orleans, who defeated Walter Hagen of Detroit, new British open title holder and Joe Kirkwood, Australian open champion, 4 and 3.

The star performance of the day was furnished by Clarence Hackney of Atlantic City, who duplicated the record score of 66 made Wednesday by William Mehlhorn of Shreveport, La. The New Jersey professional was one above par going out, taking one more on the first and the second holes, but getting a birdie four on the 490-yard fifth.

Turning home, however, Hackney cracked par by five strokes with a 31.

## DEMPSEY READY FOR WILLS IN 60 DAYS

SYRACUSE, N. Y., July 8.—Jack Dempsey will fight Harry Wills for the world's heavyweight championship within sixty days if the negro challenger will sign the papers, Jack Kearns, Dempsey's manager said here today.

Why walk when we carry 5 Paesengers 20 blocks for 50 cents? Owl Taxi. Phone 1486—415 N. Sycamore.

"Serves You Right"—James Confectionery.

## ROOKIE MAKES GOOD WITH BIG LEAGUERS

"PINKIE" PITTENGER—BOSTON RED SOX

## Threatens to Quit Baseball When He Finishes Law School Course

TOLEDO, O., July 8.—It is as a basketball star rather than as a ball player that Pinkie Pittenger, the rising young infielder of the Boston Red Sox, is known in his home town here.

Pittenger never played important amateur baseball here and has not performed in front of the home folk since he broke into the professional game with the London, Ont., club two years ago.

But as a basketball forward Pittenger is an important figure not only in this district but throughout the middle west as well.

During the war he developed into the leading point-getter for the University of Toledo five that numbered among its victims the famous aggregation from the Great Lakes Naval Training Station.

Pittenger never made much of a splash around here as a ball player. He played third base for a minor amateur club, the Toledo Heights aggregation, for several years, and then got the notion he wanted to try the professional game.

He got a trial with the London club and made good at once. The Red Sox purchased him at the finish of the 1920 season. Last year at Boston he played more in the outfield than at his regular work and made an impression as a crackerjack all around man. This season he has toiled at both third base and shortstop. Manager Hugh Duffy of the Red Sox sees in the youth a future star.

Pittenger, who is 24 years old, spends his winters studying law at St. John's University and threatens to quit baseball when he passes the bar examination in another year.

## LANDIS FEARS DAMP SPELLS IN CANADA

NEW YORK, July 8.—Because of the lack of "dryness" in Canadian cities, Commissioner Landis has suggested that major league clubs discontinue exhibition games north of the border, according to a report here.

## FRENCH BOXER NEW EUROPEAN CHAMPION

PARIS, July 8.—Eugene Criqui, French featherweight, won the championship of Europe by knocking out Arthur Wynn, Belgian title holder in the 12th round.

## AMERICAN SCULLER WINS WORLD TITLE

Walter Hoover Wins Easily In Race With British Champion

(United Press Leased Wire)  
 HENLEY, England, July 8.—Walter Hoover, of Duluth, the American champion sculler, became the champion of the world on the Thames river today when he defeated Jack Boreford, the British champion in the final race for the diamond skulls trophy.

Hoover jumped away to the lead at the start and was never headed. He finished with ease in 9:32 and was hardly winded when he dropped his sweeps and allowed his shell to drift along with the tide.

Thousands of spectators lined the entire course on both sides of the river and saw a spectacular race that several times made them forget British ethics and sportsmanship enough to break into loud applause.

The crowd received the victory of the American sportily and gave him generous applause when he paddled back past the judges stand.

## WHY SUFFER FROM PILES

When Assured Relief is Within Your Reach?

We can refer you to scores of satisfied men and women, farmers, business and professional people, in Santa Ana and vicinity who have been our patients. They Told Us We Couldn't, But We Did, Now, Ask Any of Them. Ask your minister, ask your banker, ask your druggist, ask your grocer, ask your market man.

## Ask Anybody

If they haven't been treated by us they know someone who has. We produce results, without operation. Without anesthetic, without loss of time. We treat successfully all diseases of the rectum (except cancer) and associate prostatic, kidney and bladder troubles. High blood pressure (arteriosclerosis) and associate heart, nerve and skin affections.

All diseases of the digestive tract, stomach, liver, bowels, constipation and all chronic diseases.

Don't wait until protrusion occurs in rectal troubles but be examined early and save months and possibly years of suffering.

Free Consultation and Examination. Hours, 9 to 12; 1:30 to 5:30. Sundays 10:30 to 12. Phones: Office, 1292-W. Res. 837-W.

# Beyond their reach,

## © AGE AND ADVERSITY are Man's Greatest Enemies.

What do you fear most as you peer into the future? What is your greatest anxiety in regard to your family?

Almost everyone will answer, "Old age and adversity." They are the arch enemies of mankind. And yet old age should be the most glorious time of life. After the hard struggles of many years are ended, there should be a sunset season when man and woman can enjoy the fruits of their labors.

Our artist has pictured one sure course which will bring peace and contentment in old age and will put you beyond the reach of these specters which haunt us, both waking and sleeping—OWN YOUR OWN HOME.

You may not be thinking much about it now. You may prefer to live up to your income by indulging in unnecessary pleasures and purchases. You may be "waiting till you can get a start and accumulate some ready cash." But this is fallacious reasoning. Your best start in life is the purchase of a lot and, later—if unable to do so at the time—the erection of a home. Even to the young man, with no family ties, this is the safest course. Land never takes wings and flies away. A house may burn down, but, if properly insured, this is only a partial loss and does not leave the owner "flat."

But to the man or woman who is not a home owner, when adversity comes there is no recourse but the poorhouse or the charity of relatives or governmental authorities.

Just think of what it means to possess and live in your own home. Around you are to be seen the victims of old age where thrift has not been practiced in younger days—but you are safe. Around you dash the waves of adversity, carrying down to ruin thousands of improvident ones—but you are beyond their reach.

Your children and your children's children call your home theirs. It is a happy retreat for the child in school and the strong son or daughter in business. It is a welcome haven for friends who may not be so fortunate as you. It is a tower of strength to the mind. It is a rock which all the billows of old age and adversity can not move.

Make this assurance yours at once. Buy a lot and build your own home—or, if you prefer, purchase one already built. At least make a start today. You will find many who will aid your endeavor if it be along this constructive line. You owe it to your loved ones and to yourself.

Right here in your own city, are public-spirited firms and individuals who so firmly believe in the doctrine of home owning that they are expending good money for the printing of this series, in order that you may be benefited. Further they have retained the services of competent home designers who will gladly advise and assist you in planning your home. Some of these forward-looking friends of yours are named below. They suggest that you write the "Home Building Editor," care of this paper, for valuable information.

The following organizations, public-spirited firms and individuals are interested in helping to make Santa Ana a city of more beautiful homes and to assist in every possible way in creating homes for those who are desirous of making Santa Ana their future home, and it is their recommendation that all who can possibly do so, build homes or convert their surplus money into home-building channels. That you may take full advantage of the information these pages contain, they have retained the services of competent home designers who will gladly advise with you and give valuable assistance in planning your new home. Address all inquiries to the "Home Building Editor," care of this paper.

PLANS NO. 550-555

Surely this typical bungalow home with its bold pleasing lines, carefully spaced windows and conveniently arranged rooms, will make its appeal to those seeking a home that is different. The exterior is painted a slate gray, trimmings are in white and with moss green stain on the shingled roof, you have a combination that is most pleasing.

The floor plans convey a variety of room arrangement and we hope one of them will meet requirements you need in the new home. The living room and den are designed that they can be utilized as one for entertaining. Modern built-in features are conveniently arranged in kitchen and bath and the home in its every department is just as modern as it is possible to make it.

ing over the Fourth.Mr. and Mrs. W. B. Harper and  
family spent the Fourth at Laguna  
Beach.Miss Elsie Clark and Mable North-  
cross spent Friday at Huntington  
Beach.Mr. and Mrs. Charles Harris and  
Mr. and Mrs. Leroy Brittingham, of  
Los Angeles, spent the evening of  
the Fourth at Long Beach.Mr. and Mrs. C. C. Cornell and  
baby daughter, and Miss Gertrude  
Jennings, spent from Monday until  
Wednesday at Jolla.Mrs. Leroy Brittingham, of Los  
Angeles, visited from Sunday until  
Thursday with her parents, Mr. and  
Mrs. Eli Harris. Mr. Brittingham  
joined them for over the Fourth.B. J. Collins and family of Mur-  
rietta, spent Monday night at the  
J. Ward home.The Rev. and Mrs. W. M. Hark-  
ness and daughter, Agnes, and son,  
John, motored to Hemet Monday,  
where they visited with friends and  
attended a Sunday school picnic, re-  
turning home Wednesday evening.Mrs. Bell Helms, who has been  
living with her sister, Mrs. Susan  
Chaffee since last December, moved  
into her new home at Fullerton the  
first of this week.George Rolfe, Mr. and Mrs. J. T.  
Watson, Mrs. Emma Holly and Mrs.  
K. S. Hendricks attended a reunion  
of the G. A. R. and Relief Corps in  
Santa Ana Thursday.George Harkness, of San Diego, is  
spending a week's vacation with his  
parents, the Rev. and Mrs. W. M.  
Harkness.Mr. and Mrs. George Moon and  
children and Mr. and Mrs. C. L.  
Crist and family enjoyed from Fri-  
day until Wednesday night at La  
Jolla.Mr. and Mrs. Carl Stokes and son  
Jimmie, of Guadalupe spent a few  
days this week with the parents of  
the former, Mr. and Mrs. W. C.  
Stokes.The cast in the play, "Clubbing a  
Husband" and their families motored  
to Long Beach Thursday evening  
where they enjoyed a picnic supper  
at Bixby park. Later in the evening  
they took in amusements on the  
pika and dancing. About forty at-  
tended.The Loyal Temperance Legion  
will hold regular meetings until  
September 1.Electrically protected safety de-  
posit boxes for rent by First Na-  
tional Bank, Garden Grove.Another aluminum sale at Weiss-  
eman's Variety Store Wednesday,  
July 12th, 9 a.m."Serves You Right"—James Con-  
fectionery.GARDEN GROVE, July 8.—W. W.  
Dungan was appointed school trustee

tives at Eagle Rock.Mrs. Thomas Bowen and two  
daughters, Dorothea and Doris, of  
Santa Ana, spent Monday afternoon  
at the George Tyler home.Mr. and Mrs. George Summers re-  
turned to their home at Colton  
Wednesday morning after a few  
days visit at the C. B. Henry home.Miss Letta Hayes, accompanied by  
Mr. Jack Johnson and son, John, of  
Anaheim, spent Monday and Tues-  
day at Satalina.MALONE, N. Y., July 8.—A suc-  
cessful operation has just been  
performed by Dr. Alfred G. Wild-  
ing of Malone at the Alice Hyde  
hospital to save the life of an in-  
fant three months old from the ef-  
fects of a rat bite.The infant is the daughter of Mr.  
and Mrs. Peter Butcher of Ma-  
lone. The other night her parents  
were awakened by the cries of the  
little girl. They found her in her  
crib by the side of her twin brother,  
her face covered with blood. A  
spot about as large as a quarter of  
a dollar above her left eye was  
lacerated and there were tiny  
teeth marks on other parts of the  
baby's face.Dr. Wilding, who dressed the  
wound, declared that they must  
have been inflicted by a rat and  
that he had never heard of a like  
incident in his career as a physi-  
cian. At first the wounds appeared  
to heal, but soon infections set in  
and the child was taken to the hos-  
pital. It was necessary to take sev-  
eral stitches to close the wound  
over the baby's eye.S. F. MAIL DIVISION  
OF CUSTOMS GROWSSAN FRANCISCO, July 8.—Start-  
ing in 1906 with a business of \$40  
a year, the mail division of the San  
Francisco Custom house has grown  
to more than half a million dollars  
annually. During the fiscal year  
ending June 30, Collector of Customs  
W. B. Hamilton took in \$617,498.37  
in duties on foreign merchandise  
brought into San Francisco by mail.Last year the collections amount-  
ed to \$439,887.89, or \$178,110.48 less.  
The duty collected last year means  
that about three million dollars' worth  
of merchandise came to San Fran-  
cisco via parcel post. Every  
article of commerce from jewels and  
fine furs to machinery is included.  
Retail stores which handle imported  
goods are among the principal pa-  
trons of the parcel post customs  
service.

DAUGHTER HAD  
TO HELP MOTHERNow Can Do All Her Housework  
Alone Because Lydia E. Pinkham's  
Vegetable Compound Helped HerJasper, Minn.—"I saw in the paper  
about Lydia E. Pinkham's Vegeta-  
ble Compound and took it because I  
was having such pains in my stom-  
ach and through my back that I  
could not do my work. I had tried  
other medicines, but none did me  
the good that your Vegetable  
Compound did. Now I am able to  
do all my work alone while before I  
had my daughter staying at home to  
do it. I have told a number of  
friends what it has done for me and  
give you permission to use my letter  
as a testimonial." — Mrs. Jessie  
Petersen, Route 1, Jasper, Minn.There is no better reason for your  
trying Lydia E. Pinkham's Vegetable  
Compound than this—it has helped  
other women. So if you suffer from  
displacements, irregularities, back-  
ache, nervousness or are passing  
through the Change of Life remem-  
ber this splendid medicine. What it  
did for Mrs. Petersen it may do for  
you.The Vegetable Compound stands  
upon a foundation of nearly fifty  
years of service.

(Continued From Our Last Issue)

"He said to me, 'Hagood, the  
remedy's the old remedy. The old  
God. But it's more than that. It's  
Light; more light. The old revela-  
tion was good for the old world, and  
suited the old world, and told in  
terms of the old world's understand-  
ing. Mystical for ages steeped in the  
mystical; poetic for minds receptive  
of nothing beyond story and alleg-  
ory and parable. We want a new  
revelation in terms of the new  
world's understanding. We want  
light, light!'"

## CHAPTER II

Continued Hagood:  
"All right. That was two months  
ago. Last week I was down at Tid-  
borough again. Some sort of a clerk  
was in the shop as I went in. 'Mr.  
Sabre upstairs, eh?' I asked. 'No,  
No, Mr. Sabre's not—not here,' says  
my gentleman, with rather an odd  
look at me.""What the devil did he mean?"  
Just then I caught sight of an old  
bird I knew slightly coming down  
the stairs with his cane under his  
arm. Old chap called Bright. Looked  
rather like Moses coming down the  
mountain with the Tables of Stone  
in his fist. I said in my cheery  
way, 'Hullo, Mr. Bright. Good morn-  
ing. I was just inquiring for Mr.  
Sabre.'""By Jove, I thought for a minute  
the old patriarch was going to leave  
me tables of stone at my head. He  
caught up the book in both hands  
and gave a sort of choke and blazed  
at me out of his eyes—""Let me tell you, sir, this is no  
place to inquire after Mr. Sabre,"  
said he. 'Let me tell you—'"Well, I'd ha' let him tell me any  
old thing. That was what I was  
there for. But he shut himself up  
with a kind of gasp and cannoned  
himself into his cane under the  
stairs. I thought I'd push out to  
Penny Green and see old Sabre my-  
self.""You can imagine me, old man,  
tripping up the path of Sabre's  
house. House had a rather neglec-  
ted appearance, I thought. Door  
knob not polished, or blind still  
down somewhere, or something. I  
don't know. Something. And what  
made me know it was that I was  
kept a long time waiting after I  
rung the bell. In fact, I had to  
ring it twice. Well, I suppose I'd  
been expecting to see one of Sabre's  
'couple of Jinkses' as he calls them,  
and 'pon my soul I was quite startled  
when the door opened and it wasn't  
one of them at all, but a very differ-  
ent pair of shoes.""It was a young woman; ladylike,  
dressed just in some ordinary sort  
of clothes; I don't know; uncommonly  
pretty, or might have been if she  
hadn't looked so uncommonly sad;  
and—this was what knocked me—  
carrying a baby.""I don't know why I should have  
imagined she was the kid's mother,  
but I did. I don't know why I should  
have looked at her hands, but I did.  
I was wondering why I should have  
expected a wedding ring, but I did.  
And there wasn't one.""She was looking at me decidedly  
as if she were frightened. 'No, no,  
Mr. Sabre's not gone away. He's  
here. Are you a friend of his?'""I smiled at her. 'Well, I used to  
be, I said. She didn't smile. What  
the dickens was up? 'My name's  
Hagood.'""You know, it was perfectly ex-  
traordinary. Her voice was as sad  
as her face. I stepped in. 'Pon my  
soul, I began to feel creepy. Scalp  
began to prick. Then suddenly there  
was old Sabre at the head of the  
stairs.""Well, he wasn't dead, anyway;  
that was something to go on with.  
I took his hand and said, 'Hullo,  
Sabre. How goes it, old man? Able  
to do the stairs now, I see?'""Fine," he said, shaking my hand.  
"Jolly nice of you. You'll stay a bit,  
of course." He went a bit along the  
passage and called out, 'Effie, you  
can scratch up a bit of lunch for Mr.  
Hagood?'""I suppose she said yes. Lunch'll  
be on in about ten minutes," he came  
back to me with."Led me into the morning room  
and we sat down and pretended to  
talk. Very poor pretence, I give you  
my word.""Presently I heard the girl's voice  
outside, 'Lunch is ready.'""We jumped up like two school-  
boys released from detention and  
went along in. More mystery. Lunch  
at Sabre's place was always a beau-  
tifully conducted rite, as I was ac-  
customed to. Well, there were  
places laid for two only and a ram-  
shackle kind of cold picnic scattered  
about the cloth. Everything there,  
help yourself kind of show. Bit  
of cold meat, lump of cheese, loaf  
of bread, assortment of plates, and  
so on.""Sabre said, 'Oh, by the way, my  
wife's not here. She's away.' I  
murmured the polite thing. He  
was staring at the two places, frown-  
ing a bit. 'Half a minute,' he said,  
and hopped off on his old stick. Then  
I heard him talking to this mysteri-  
ous girl. At least I heard her voice  
first. 'Oh, I can't, I can't.'""Then Sabre, 'Nonsense, Effie, you  
must. You must. I insist. Don't  
be silly.'""Presently in comes Sabre with the  
girl. And the girl with the baby  
in her arms. Sabre said in his or-  
dinary, easy voice—"This is a very  
retiring young person, Hagood.  
Had to be dragged in. Miss Bright.  
Her father's in the office. Perhaps  
you've met him, have you?'""Well, I don't know what I said,  
old man. I know what I thought. I  
thought just precisely what you're  
thinking. Yes, I had a furiously  
vivid shot of recollection of old  
Bright as I'd seen him a couple of  
hours before, of his blazing look,  
his gesture of wanting to hurl the  
Table of Stone at me, and of his  
extraordinary remark about Sabre—  
I had that and I did what you're  
doing; I put two and two together  
and found the obvious answer (same asyou) and I jolly near fell down dead,  
I did. Jolly near.""But Sabre was going on, pleasant  
and natural as you please. 'Miss  
Bright was here as companion to my  
wife while I was in France. Now  
she's staying here a bit. Put the  
baby on the sofa, Effie, and let's get  
to work. I'd like you two to be  
friends.'""The meal wasn't precisely a ban-  
quet. We helped ourselves and  
stacked up the soiled plates as we  
used them. No servants, d'you see?  
That was pretty clear by now. No  
wife, no servants, no wedding ring;  
nothing but old Bright's daughter  
and old Sabre's daughter's baby—  
and—Sabre.""Once the baby whimpered, and  
she got up and went to it and  
stepped over to it the other side of  
the sofa from me, so I could see her  
face. By god, if it could have seen  
her eyes then! Motherhood! Lucky  
you weren't there, because if you've  
any idea of ever painting a picture  
called Motherhood, you'd ha' gone  
straight out and cut your throat on  
the mat in despair.""Well, anyway, the banquet got  
more and more awkward to endure  
as it dragged on, and might I say  
I was when at last the girl got up—  
without a word—and picked up the  
baby and left us. We were no more  
chatty for being alone, I can promise  
you.""Then all of a sudden he began.  
He fished out some cigarettes and  
chucked me one and we smoked like  
a couple of exhausted valves for  
about two minutes and then he said,  
'Hagood, why on earth should I  
have to explain all this to you? Why  
should I?'""I said, a tiny bit sharply—I was  
getting a bit on edge, you know—I  
said, 'Well, I haven't asked any ques-  
tions, have I?'""Sabre said, 'No, I know you  
haven't asked any, and I'm infernally  
grateful to you. But I know you're  
thinking them—hard. And I know  
I've got to answer them. And I  
want to. I want to most fright-  
fully. But what beats me is this  
infernal feeling that I must explain  
to you, to you and to everybody,  
whether I want to or not. Why  
should I? It's my own house, I can  
do what I like in it. I'm not, any-  
way, doing anything wrong. I'm  
doing something more right than  
I've ever done in my life, and yet  
everybody's got the right to ques-  
tion me and everybody's got the  
right to be answered and—Hagood,  
the most bewildering state of affairs  
that can possibly be imagined. I'm  
up against a code of social con-  
ventions, and by Jove I'm absolutely  
down and out.'""Do you know what I am, Hagood?"  
he gave a laugh, as I've  
said. 'I'm what they call a social  
outcast. A social outcast. Beyond  
the pale. Unspeakeable. Ostracized.  
Blackballed. Excommunicated.' He  
got up and began to stomp about  
the room, hands in his pockets, chin  
on his collar, wrestling with it—and  
wrestling, mind you, just in pro-  
found, interested bafflement.""Then he settled down and told  
me. And this is what he told me.""When he was out in France this  
girl I'd seen—this Effie, as he called  
her, Effie Bright—had come to live  
as companion to his wife. It appears  
he more or less got her the job.  
Anyway, she came. She came some-  
where about October, '15, and she  
left early in March following, just  
over a year ago. And his wife got fed  
up with her and got rid of her—  
that's what Sabre says—got fed up  
with her and got rid of her. And  
Sabre was at home at the time. Mark  
that, old man, because it's im-  
portant.""Very well. The girl got the sack  
and he went back to France. She  
got another job somewhere as com-  
panion again. Well, he got wound-  
ed and discharged from the army,  
as you know, and in February he  
was living at home again with his  
wife in the conditions I described to  
you when I began.""The very week after I'd been  
down there, his wife, reading a  
letter at breakfast one morning, gave  
a kind of a snort (as I can imagine  
it) and chucked the letter over to  
him and said, 'Ha! There's your  
wonderful Miss Bright for you! What  
did I tell you? What do you think of  
that? Ha!'"

Phone 1520 520 East 4th St.STATE'S MINERALS  
MAKE HUGE VALUESACRAMENTO, July 8.—An-  
nouncement was made today in a re-  
port to Governor William D. Steph-  
ens by State Mineralogist Fletcher  
Hamilton that the crude value of all  
minerals produced in California in  
the last year was \$250,000,000 and  
that economical administration en-  
abled the State Mining Bureau to  
assist and foster this production  
with a total expenditure of \$53,000.Hamilton brought out the point  
that the total mineral production in  
California amounted to six times  
what it cost to support all the  
state's activities.The report set forth that the work  
of the Mining Bureau is broadly di-  
vided into two classifications: in-  
vestigations and reports on subjects  
vital to the mining industry and  
day-by-day service to the public.From 500 to 1000 letters of inquiry  
touching on every conceivable  
phase of the mining industry are re-  
ceived and answered every month.  
It was pointed out. Hamilton said  
an average of 300 mineral samples  
are classified monthly by the bu-  
reau's laboratory."California's area is greater than  
that of Ohio, New York, and the  
New England states combined," said  
Hamilton. "Every one of its fifty-  
eight counties contains minerals of  
potential as well as present value.  
A comprehensive study of these min-  
eral deposits and the correlation of  
data by means of which capital can  
be induced to develop them are en-  
deavors which could never be fully  
undertaken by private enterprise. If  
the situation had not been realigned  
in the last six years and sympatheti-  
cally handled by Governor Steph-  
ens and the legislative bodies of  
California, the mineral industry here  
would unquestionably be a much  
lower level than it is today."The report called attention to the  
work of the bureau in the last two  
years in furnishing California's re-  
presentatives in congress with valu-  
able data in support of a tariff on  
quicksilver, potash, magnesite and  
tungsten. California supplies the  
bulk of the domestic output of these  
substances."Then all of a sudden he began.  
He fished out some cigarettes and  
chucked me one and we smoked like  
a couple of exhausted valves for  
about two minutes and then he said,  
'Hagood, why on earth should I  
have to explain all this to you? Why  
should I?'""I said, a tiny bit sharply—I was  
getting a bit on edge, you know—I  
said, 'Well, I haven't asked any ques-  
tions, have I?'""Sabre said, 'No, I know you  
haven't asked any, and I'm infernally

## There Was a Reason

HELLO THERE, MY LITTLE MAN - YOU SEEM TO BE A GOOD LITTLE BOY!

I HAF TA BE, I'M ALL DRESSED UP AND MY MOTHER IS WATCHING ME!

## MUSICAL TRIO WINS HONORS IN OREGON

COSTA MESA, July 8.—Mrs. Ida Stearns received word from Salem, Oregon, of the good impression made by the Stearns-Hilleksen trio at their concert at that place, June 30.

After the evening program the secretary of the Apollo club of that city, called the trio to give a program on the Artists' series during the coming concert season.

This series consists of three events and the club desires the Stearns-Hilleksen for one of the events.

Mr. and Mrs. D. H. Hilleksen motored to Redlands Monday to visit with their daughter over the Fourth, returning home Wednesday.

Mr. and Mrs. Henry Smith and daughter, Helen, of Santa Ana, were guests of Mr. and Mrs. D. C. Allen Sunday.

Mr. and Mrs. J. E. Bailey and family enjoyed a picnic lunch, bathing and dancing at Newport Beach Tuesday.

Mrs. Charles Bradley, of Keeler, Okla., was a recent visitor of Mr. and Mrs. Fred Long.

Mrs. Kuehl is spending a month's vacation with her daughter in San Jose.

Entertain Children.

Mr. and Mrs. T. Bradford entertained the children of the Fairview Farms on the evening of the Fourth at their home with beautiful fireworks and later served ice cream and cake to complete the day.

Owen Brokaw and mother and two sisters of Santa Ana are staying at the W. S. Ellison home while Mr. and Mrs. Ellison are visiting in Iowa.

Mr. and Mrs. J. R. Smith and family, Mr. and Mrs. C. L. Dresbach, Mr. and Mrs. W. R. Hurlbert and Mrs. Moss motored to Santa Ana Sunday to hear the Rev. Mr. White speak at the United Presbyterian church.

N. O. Mellott is building a new house on his lot just north of the Gardner feed store.

Newell Stearns, of Long Beach, with a party of friends spent the evening of July 4 at the home of Mrs. Ida Stearns. Music and dancing were the diversions of the evening.

Claud A. Nelson and son, Verne, of Santa Ana, were dinner guests of Mr. and Mrs. Charles M. Adams Thursday evening.

The Rev. and Mr. Brown and two children motored to Pasadena Thursday to spend a few days with friends.

Mrs. J. H. Ray and son, Charles, and Mrs. E. L. Bressler, of Los Angeles, were guests of Mr. and Mrs. Fred Long this week.

Miss Naomi West spent last week with her sister, Mrs. R. A. Carter, of Santa Ana.

Mr. and Mrs. Charles M. Adams and son, accompanied by Mr. and Mrs. Ed Seery and Mr. and Mrs. H. Shallenberger and son, of Long Beach, enjoyed a picnic lunch at Balboa Tuesday.

Williamson and Bixler real estate office have sold lot 803 on the Newport Mesa Tract to S. Baker of Newport Beach.

Mr. and Mrs. Willard Mellott and family, Mr. and Mrs. N. O. Mellott, accompanied by Mr. and Mrs. Aaron Wright, of Los Angeles, are spending a week camping at Glen Ivy.

Mrs. C. M. Brush spent the week

and with Mrs. M. Newton and family of Harbor City. She was accompanied home by Mrs. Newton and children, who will visit here for two weeks.

Mrs. T. A. Bixler and children, of Riverside, came down to Costa Mesa to spend the Fourth with Mr. Bixler who is in the real estate business here.

Mr. and Mrs. Aaron Wright, of Los Angeles, spent last week with Mr. Wright's sister and family, Mr. and Mrs. W. B. Mellott.

## COURT ORDERS ISSUED IN ESTATE PETITIONS

Letters of administration had been issued today to Fred N. Lang, in the matter of the estate of Jacob C. Lang, deceased. Fred N. Lang's petition for appointment came before Superior Judge R. Y. Williams yesterday.

Judge Williams also appointed H. A. Andre as administrator of the estate of George W. Howenstein.

The will of Mary A. Cook, deceased, was admitted to probate and letters testamentary were issued to John H. Cook, as executor of the will.

## TO DELAY FUNERAL OF MAN KILLED BY HORSE

Funeral services had not been arranged today for Guadalupe Galleo, 25, who died at the Community Hospital as the result of being kicked in the abdomen by a horse. The funeral will probably be held Monday, it was announced at the Mission Funeral Home of Mills and Winbinger.

Galleo was employed by Contractor B. R. Ford in the work of grading a new subdivision on South Main street. His home was in the Mexican colony near Delhi. He leaves a wife and one child.

## BEWARE THE PAINT.

BALBOA, July 8.—Local dealers in paint removal are doing an unprecedented business, due to the annual painting of the Balboa pier. At this season of the year the pier is crowded with visitors as well as fishermen and the result is disastrous to the unwary or unobservant, hence the large sale of paint remover, it is said.

BALENCIA, July 8.—Fourteen cars of Valencia and five cars of lemons sold yesterday. Market higher on oranges and lemons.

Lighting forever the dark hearts of men."

## ARE YOU REGISTERED?

If your name does not appear on the great register for the precinct in which you live, you will not be able to vote at the primaries August 29.

After July 29, it will be too late for you to get your name on the great register.

The great register is made up entirely of registrations for 1922, made after January 1 of this year. If you have registered since January 1 and have not moved from one precinct to another, and do not move you may go to the polls in perfect confidence that your name will be on the great register.

In order to vote, it is necessary that you shall have been in the precinct at least thirty days, in the county ninety days, in the state a year, ON THE DAY OF ELECTION. So, if you arrived in California, say August 26 of last year, and will have been in the county ninety days August 29, you will have been in your precinct thirty days August 29, you have the right to register now.

Transfer of registration from one precinct to another may be made up to July 29.

Changes of party affiliation will be received by County Clerk J. M. Backs at his office now. Hundreds of men and women have registered and have failed to designate any party affiliation. Those who appear on the great register as non-stated in party may go to the polls August 29, and, just the same as those who have given party designations, may vote on judicial, county and township offices. Those who have given no party affiliations will be unable to take any part in the important party nominations that will be up for decision that day.

The Republicans and Democrats are to make their nominations for state officers, including governor and lieutenant-governor; for United States senator and for congressman; for assemblyman.

Only those registered as Republicans will be allowed to vote August 29 in the fight for choice between Governor William D. Stephens and Friend W. Richardson, for the Republican nomination for governor.

None but Republicans, so registered, will be able to cast a vote to determine who shall be the Republican nominee for lieutenant governor—C. C. Young, present lieutenant governor, or Rominger. This is a fight in which the dry forces are particularly interested.

Republicans only may vote August 29 in the fight for the Republican nomination for United States senator, between Senator Hiram W. Johnson and C. C. Moore.

Republicans only may vote in making it unanimous for Phil D. Swing for the Republican nomination for congressman.

Republicans only may vote to determine who shall have the Republican nomination for assemblyman—Dr. C. D. Ball or John Mellen, both of whom have taken out nomination petitions, or some one of the others whose names may also appear on the ballot.

No contests have appeared among the Democrats. Democrats only will be allowed to vote for the nominations to be made by the party.

County Clerk Backs has made it possible for voters to register with the greatest ease. He has provided registration deputies in ample numbers for every section of the county. By inquiry, anyone seeking opportunity to register may locate a registration deputy in his community.

## STAND BY JUDGE SLOANE

The Register joins with other Orange County friends of Judge William A. Sloane in pledging him support in his campaign for re-election as associate justice of the Supreme Court of California.

During the eight years that Judge Sloane was a superior judge of San Diego county, he sat often in Orange county courts and became known here as an able jurist, and as a man of deep sincerity and high character. We welcomed his appointment as a justice of the Court of Appeals at Los Angeles, and, in 1920, his appointment as associate justice of the Supreme court of this state. When he was up for election two years ago, this county accorded him a big majority vote.

Our faith in Judge Sloane has been more than justified by his excellent work on the Supreme bench of the state. He has proven a thoroughly competent and satisfactory jurist in that position; his record alone leaves no question as to his fitness. His opinions are first class legal documents, and his ideas of equity and fairness have added to his judicial achievements.

All Southern California should stand solidly back of Judge Sloane in his campaign. Of the four candidates for the two full term positions to be filled this fall, Judge Sloane is the only man from this end of the state. The other candidates are from the north, Judge Shurtliff, of San Francisco, who is also up for re-election, Judge Kerrigan, of San Francisco, of the Court of Appeals, and Judge Seawell, of the Superior Court of Sonoma county. If Judge Sloane is not re-elected Southern California will have but one representative on the Supreme bench, that one being Judge Wilbur, of Los Angeles, a candidate for chief justice to fill the position left vacant by the retirement of Chief Justice Shaw.

## COURTIERE'S CONCLUSION

We should walk on all fours instead of on two feet, for nature intended man to be a quadruped. This thrilling suggestion comes from an able authority—Courtierre, celebrated French scientist.

Men who have hunted for collar-borders under the bureau will not agree with him. Nor will the father whose young son insists that pa "play horse."

Courtierre's suggestion is valuable, however, if for no other reason than the laughs it starts. Anything that takes people's minds off their problems and stops morbid introspection—analysis of self—is a stimulant and a tonic.

That is why so many men, fagged out from the day's work, turn to the newspaper comic pictures before they read page-one news stories.

## UNCOMPLETED IDEAS

The Chinese were practicing with aviation before Europe learned to use sail-boats. Mongol, Tartar or Manchu, they have flown man-carrying kites for centuries. If they had had a mechanical genius to provide them with motors, they might have bombed

Rome with giant firecrackers 2,000 years ago. This interesting information is circulated by the Aeronautical Chamber of Commerce.

It discloses the principle behind the decay of oriental civilizations, China especially. The Chinese were wonderful originators. But they rarely developed anything beyond a tenth of its possibilities.

The thing that makes America great is squeezing all the juice out of the orange, instead of just a few drops.

Success, as has been pointed out frequently, is 10 per cent inspiration or "hunch," and 90 per cent perspiration or concentration on development of the original idea.

## PLANT MORE HYDRANGEAS

Just now, the hydrangea reigns as queen in many of our yards—and a beautiful queen she makes.

As one rides along, the hydrangea bushes catch the eye. The daintiness of color in mass adds to the attractiveness of many a home.

We have an abundance of flowers at this time of year; perhaps, not so many as a bit earlier in the season when the roses are at their best. When it takes so little care to grow flowers, it seems regrettable that every yard is not colorful, a joy to look upon.

No matter what other blooms are in the yard, however, the hydrangea brings forth the homage of on-lookers. These shrubs grow here, when given just ordinary care and a bit of protection against the house, to six, eight or ten feet high, and covered entirely with great balls of color the plant at this time of year is itself a ball of wonderful attractiveness.

We ought to have more hydrangeas. Not to have one or more of these plants, leaves one subject to an envy of those who have.

## Reducing National Debt

San Francisco Chronicle

The national gross debt has been reduced during the past year by \$1,014,000,000. The total reduction since August, 1921, when the debt was at its peak, is \$3,633,000,000. It is a good work well begun. Let public opinion make sure that it is kept up. Freedom from debt is the greatest assurance of public safety. There could never have been such a rebuilding of San Francisco after 1908 had not the city been practically debt free. Nor could the Nation ever have attained such influence as it possesses in the world had we not been virtually without debt.

The great war found most European nations struggling with taxation to pay external debt. The tremendous additional burden which another great war would involve would create social disorders, which would compel repudiation if it did not destroy civilization. Nor is our own country free from this danger, even if we do owe all our public debt to ourselves. Domestic class wars are more dangerous than foreign wars. Mankind must not permit another world war. And when it comes to tax burdens state and local debt are as effective in producing unrest as national debt.

Most of the reduction of debt which we have made during the past year is in salvage, including repayments to the treasury of advances made to railroads, farmers and exporters with borrowed money. The sinking fund, however, works steadily, and budget administration has induced economies not expected until the next fiscal year. The cut in measures for the national defense has not been economy, but gambling on world conditions. The largest item of salvage yet to come ought to be our merchant ships. What we shall get for them remains to be seen.

## Congressmen Gettign By

San Bernardino Sun

If there is dissatisfaction at the delays which have marked Congressional action, and to some extent a lack of leadership there, the voters do not seem to be taking it out on the members of the majority who come up for re-nomination. Of the 435 members of the House of Representatives, 301 are Republicans—a majority of more than two-to-one and so big as to be unwieldy.

Eight states have thus far held nominating primaries—not including North Dakota, whose results on Congressmen are not yet available. In those primaries 92 Republican members of the present House of Representatives were candidates for re-nomination on the Republican ticket. Of these 92, the vast majority were unopposed. Of those who were opposed in the primaries, only six were defeated—two in Illinois and four in Pennsylvania. Summed up, out of 92 Republican members of the present House of Representatives who have gone before the people of their districts in primaries this year and asked for an endorsement of their record and the record of the Republican Congress, 93.5 per cent. have received that endorsement.

## Too Much Violence

Long Beach Press

There is far too much violence in the world. There is too much political violence. There is no country in the world that is civilized and that has any semblance of democracy in its government which has excuse for political violence. There are effective peaceful methods for settling domestic political differences.

There is too much violence in industrial controversies. This, too, is avoidable and unwarranted. The law of the bludgeon and the bullet never should be invoked in settlement of disputes between labor and capital. Settlements made by force are not settlements at all. They only breed hatreds, and provoke other outbreaks of violence. There are peaceful, non-violent methods of adjusting equitably industrial differences. These should be resorted to, instead of using violence.

There are too many violent crimes. There are too many murders who escape with inadequate punishment. Bloody crimes should be penalized with extreme severity.

## Editorial Shorts

Unfortunately, the bobbing of hair doesn't always have the same effect. When Samson was shorn, they made him go to work—Hartford Times. Senator Borah ought to know by this time that the reason why we do not recognize the Bolsheviks is because we do recognize them.—N. Y. Tribune.

Money talks, but the people who know how to keep it don't.—Wall Street Journal.

The attention of the Facts is called to the fine work that has been done in "slaving" our streets, and we dutifully pass along the story. It is a great convenience to have the streets so marked that one can read the names from a little distance, not have to hunt to find the sign, in the first place, and then have to stop to read them.—Redlands Facts.

The announcement of Governor Stephens of his candidacy for the office he now holds appears today. It seems to be pretty well settled that everybody except the Los Angeles Times is satisfied to have the Governor kept on the job.—Redlands Facts.

## When Sunday Comes

By John Andrew Holmes

Still, it is possible to be like the despised penny. It always goes to church, but seldom does much good.

## Another Mount Everest

## Worth While Verses

### RESUSCITATION OF FANCY

The edge of thought was blunted by the stress  
Of the hard world; my fancy had wax'd dull,  
All nature seem'd less nobly beautiful—  
Robb'd of her grandeur and her loveliness;  
Methought the Muse within my heart had died,  
Till, late awaken'd at the break of day,  
Just as the East took fire and duff'd its gray  
The rich preparatives of light I spied;  
But one sole star—none other anywhere—  
A wild-rose odor from the fields was borne;  
The lark's mysterious joy fill'd earth and air,  
And from the wind's top met the hunter's horn;  
The aspen trembled wildly, and the thorn  
Breathed up in rosy clouds, divinely fair.

—C. Tennyson-Turner.

## Tom Sims Says

What's worse than changing your mind after having your hair bobbed? People who sleep on sleeping porches should get up first.  
A cake of yeast that won't work never raises the dough.  
Tight shoes are never comfortable until you take them off.  
Easier, a man's job is the more time he has to get disgusted with it.  
Nearly everybody has said "Jazz is dead" except jazz.  
Mountain in Alaska is getting higher. May be owned by a profiteer.  
An optimist is a man who lets the flies eat with him.  
Look for the bright side. Ruth's income tax won't be so big.  
Funny how people pay to practice reading aloud on movie subtitles.  
All the world loves a lover and all the world hates a hater.  
As a man thinks so is he unless his wife changes his mind.

### State Nicknames

A question often asked in vain is: "What are the nicknames of the States?" Following is a complete list, taken from The World Almanac.  
Ala.—"Cotton," "Lizard."  
Ariz.—"Sunset," "Apache."  
Ark.—"Bear," "Bowie."  
Cal.—"Golden," "El Dorado."  
Col.—"Centennial," "Silver."  
Conn.—"Nutmeg," "Freestone."  
Del.—"Diamond," "Blue Hen."  
Fla.—"Peninsula," "Everglade."  
Ga.—"Cracker," "Buckard."  
Idaho—"Gem."  
Ill.—"Sucker," "Prairie."  
Ind.—"Hoosier."  
Iowa—"Hawkeyes."  
Kan.—"Sunflower," "Jayhawk."  
Ky.—"Blue Grass," "Gorn-Cracker."

La.—"Pelican," "Creole."  
Me.—"Pine Tree," "Old Dirigo."  
Md.—"Old Line," "Cockade."  
Mass.—"Bay," "Old Colony."  
Mich.—"Wolverine," "Auto."  
Minn.—"Gopher," "North Star."  
Miss.—"Bayou," "Eagle."  
Mo.—"Ozark," "Iron Mountain."  
Mont.—"Stub Toe," "Bonanza."  
Neb.—"Antelope," "Black Water."  
Nev.—"Silver," "Sage Brush."  
N. H.—"Granite."  
N. J.—"Jersey Blue," "Garden."  
New Spain.

N. M.—"Sunshine," "Spanish."  
N. Y.—"Empire," "Excelsior."  
N. C.—"Old North," "Turpentine."  
Tex.—"Heel."  
N. D.—"Flickertail," "Sioux."  
Ohio—"Buckeye."  
Okla.—"Boomer."  
Ore.—"Beaver," "Web-Foot."  
Pa.—"Keystone," "Steel," "Coal."  
R. I.—"Little Rhody," "Plantation."  
S. C.—"Palmetto."  
S. D.—"Sunshine," "Swiagecat."  
Tenn.—"Big Bend," "Volunteer."  
Hog-and-Hominy."  
Tex.—"Lone Star," "Beef."  
Utah—"Desert," "Mormon."  
Vt.—"Green Mountain."  
Va.—"Old Dominion," "Mother."  
Wash.—"Evergreen," "Chinook."  
W. Va.—"Panhandle."  
Wis.—"Badger," "Copper."  
Wyo.—"Equality" (Suffrage Pioneer).

### In This Nation

In the United States more than 155,000,000 telegraphic messages are transmitted each year.

It is estimated that two-thirds of the retail buying in the United States is done by women.

The average college student pays \$365 annually for education secured in the United States.

Of the \$22,000,000 expended for a first-class battleship, \$21,000,000 is for machinery.

An average American town uses for all purposes from 50 to 150 gallons of water a day for each inhabitant.

The annual consumption of mushrooms in the United States is 9,000,000 pounds, most of which is imported.

The total population of the United States for 1920, 105,710,620, comprised 52,900,373 males and 51,810,247 females, thus averaging 104 males to 100 females.

The people of the United States are the greatest candy eaters in the world. Indeed, it is said of them that they eat more candy than all the rest of the world combined.

### Odd and Interesting

The grizzly bear produces young every two or three years.

The cone prefers to live at elevations above 9000 feet.

The Aztec calendar consists of a year of 18 months.

Felt and cloth are being made out of spun glass in Italy.

There are nearly 12,000 tool-makers in Michigan.

Some of the rubber plantations in Brazil are being planted to cotton.

Porto Rico exported nearly 225,000,000 cigars in 1921.

Slavery and polygamy are both legitimate among the Aztecs.

Paris was the home of the first public asylum for the blind.

The salary of the Canadian prime minister is \$13,000 a year.

Most of the icebergs that float in the Atlantic come from Greenland.

## In the Long Ago

July 8, 1908

The first secretary of the Venezuelan legation in Washington has been instructed by President Castro, to leave the United States. This completely severs diplomatic relations between this country and Venezuela.

The busy bees busy season is about over and it is reported that Orange county bees made about 200 tons of honey this year. Guggenheim and Co. have bought up most of this year's production.

Bob Spurgeon and Bob Collins have returned from the Imperial valley where they became intimately acquainted with the festive cantaloupe during its brief but busy season.

The Torosa Rebekahs last night installed the following officers: Past noble grand, Mrs. J. E. Livesey; noble grand, Mrs. B. F. Bewick; vice grand, Mrs. Kate Montgomery; recording secretary, Miss Anna Schmeideberg; financial secretary, Mrs. Marie C. Johnston; treasurer, Mrs. Belle Buck; chaplain, Mrs. Crockett Bowers; warden, Mrs. Clyde Bishop; conductress, Mrs. Bridgford; inside guardian, Mrs. Fipps; outside guardian, Mrs. Chas. Ward; R. A. S., Mrs. Nellie Young; L. A. S., Miss Esther Patterson.

The hospital corps of the Seventh Infantry, N. G. C., today presented Major Surgeon F. M. Bruner with a new clock.

Lloyd L. Hill has bought a half interest in the Red Hill ranch with Jas. A. Turner. Mr. Hill and his family expect to live on the ranch.

### News

—By Berton Bralcy

(As the new car-owner views it)

The high cost of rainment,  
But I've bought a bubble  
And made the first payment;  
The world on its axis  
Is almost a quiver,  
The Russian gloom waxes—  
But I've bought a flivver!

Babe Ruth is incurring  
The wrath of the magnates;  
Our ships are not stirring  
And foreign trade stagnates,  
The wets grow more fervent  
Each speech they deliver,  
But your humble servant  
Has purchased a flivver.

The Chinese are fighting  
And so are the Turkish,  
In Europe we're sighting  
Some clouds that are murky;  
I realize this in  
My soul, and I shiver;  
But oh friends, just listen—  
I've bought me a flivver!

## Time to Smile

HE ISN'T ANY MORE  
There was a man who fancied that  
By driving good and fast,  
He'd get his car across the track  
Before the train came past.  
He'd miss the engine just an inch,  
And make the train crew sore.  
There was a man who fancied this—  
But there isn't any more.  
—Concrete Highway Magazine.

A FLIER  
Purchaser—"Can the horse  
Irish dealer—"Jump! Bedad, if  
ye was to put him in a field ye'd  
have to put a lid on it to kape  
him in!"—London Weekly Telegraph.

The Pastor Says—The quantity,  
I will, plus the quantity, God will,  
equals the quantity, I shall.  
—JOHN ANDREW HOLMES

## "An' He Sez, Sez He--"

By the Staff

Dr. R. A. Cushman probably would not deny that, so far as any classification or distinction is permissible, he is an Old Guard Republican (with a big P in Republican), contra-distinction to a Progressive. Not only would he not deny it but would glory in it. However, he would, no doubt, be equally insistent—and justly so—in claiming to be a progressive (with a little p) Republican.

"It is, therefore, gratifying to find Dr. Cushman an ardent supporter of Senator Johnson's candidacy for re-election.

"Johnson has three attributes," said Dr. Cushman, "that commend him to me very strongly. First, he has brains—has opinions—he knows. Second, he has courage—he isn't afraid—he is a fighter and knows how to fight. Third, he is an intense Californian—and he knows California. Yes, I am for Johnson."

Anonymous—Yes, this is Mr. Anonymous, sometimes a very despicable fellow, who wants to say something mean about somebody or something and is too cowardly to say it over his own signature, and sometimes—as in this instance—a very fine fellow, who is just over-modest. I met him on the street the other day and he gave me a little slip of paper, saying, "Here's something for The Register's 'Patchwork Quilt' lady, or maybe you can use it for the 'Evening Salutation' on the Editorial page." And this is what was written on the slip of paper:

"To the men who hear the singing of the sunrise  
On its way through all the night,"  
I asked him if he wrote the couplet.

"O, no," he said, "I found it in a story in Scribner's Magazine. The author of the story, Jeannette Lee,

presented it as the dedication of a fictitious book of poems. I don't know whether it is the child of the story-writer's brain or a quotation, but I think it is very fine poetry."

I think so, too, and that is the reason for passing it on to Register readers.

But there is another aspect to the incident—having these lines given to me by that particular man—and that is that it proves again how little we know about the souls of people we think we know so well. I have known this man longer than I have lived in Santa Ana, and I thought I knew him well, but I never suspected him of having a love and taste for poetry. I knew he had a fine mind, for I had often talked with him on social, economic and political questions. Perhaps if he had been less secretive about his finer sentiments we might have enjoyed our friendship all the more.

Our Old Friend Anonymous again—in this time Mrs. Anonymous. But this is a true story. It happened during the war, but the friends of both ladies are chuckling over it yet. Mrs. A lives just back of Mrs. B. That is, their back yards back up to each other. One day Mrs. A. dropped in on Mrs. B. and said: "Really, dear, I don't think you know how much food your cook wastes."

"What makes you think she wastes food," asked Mrs. B. in a dangerously soft and dulcet tone of voice. "Why," said Mrs. A., "I know she does, because I looked in your garbage can."

"Well," Mrs. B. replied, "I don't think we ever throw away anything that is good to eat, but if you ever find anything in our garbage can that tempts your appetite please feel perfectly free to help yourself."

chin windo too, Mrs. Jones said. Which was I? I care weather she could or not, and I sed. It smells grate, and she sed, Thanks for the compliment. Which I would drather of thanked her for a hunk of the cake, and I climbed down ar thinking, Aw heck, some people wouldnt take a hint if you gave it to them. And I went out and got in a game of cops and robbers.

## HEALTH SOMETHING ABOUT HOW TO KEEP WELL

### "SEEING RED"

A sudden fit of anger, in which one allows all self-control to slip the leash, is liable to be "unhealthy" in more ways than one. Aside from the oft-proved fact that many crimes are committed during such outbursts, they frequently are followed by illness, a depressed feeling or a profound fit of "blues."

If you have "a temper," you alone can remedy the ailment, for that is what it amounts to. You can train yourself not to let anger get control. When you are angered, a strong mental effort should be made to regain your composure. This is often aided by the very simple means of counting, or doing certain number of exercises. Doing something very slowly or forcing yourself to think of something else often helps to subdue the fit of "seeing red."

Coaches and trainers will tell you that it is quite possible to learn self-control. In football and similar sports it is essential. Boxers, too, will testify that they cannot do their best when angry.

A good golfer may play a poor game simply because he becomes enraged, either at a mistake of his own, or because of some movement or exclamation on the part of a bystander. Experienced golfers train themselves to forget the missed stroke, to think only of the strokes of the present.

### ADVENTURES OF THE TWINS

## DELAY RELIEF TO MINK

By Olive Roberts Barton

Everybody in all Whispering Forest and Bright Meadowland tried to keep Dr. Snuffles and his helpers, Nancy and Nick, from getting as far as Marty Mink's house.

Marty Mink and his fish-bone and as long as it stuck in his throat he couldn't eat a bite. That tickled all the wood-folk and meadow-folk mightily for no one's life was safe when Marty was hungry and around looking for a meal.

Mrs. Woodchuck saw the little fairy doctor and the Twins coming. She waited until they got opposite her front door and then—

"Oh, oh, oh!" she cried. "Oh, oh! Somebody help! Quick!"

Marty Mink and his fish-bone flew out of Dr. Snuffles' head. He hurried into Mrs. Woodchuck's hall and right back into her sitting room.

"What's the matter? Who's hurt?" he called. And then he spied Mrs. Woodchuck rocking herself back and forth in a corner and wailing.

"It's my thumb!" cried Mrs. Woodchuck. "I was putting in a nail when the hammer slipped and—oh, oh, oh, you'll have to fix it, doctor."

"My, oh, my!" exclaimed the doctor. "That's too bad! Let me see it. Why there isn't a mark! Are you sure this is the right thumb?"

"Of course," declared Mrs. Woodchuck tartly. "It's my right hand, isn't it?"

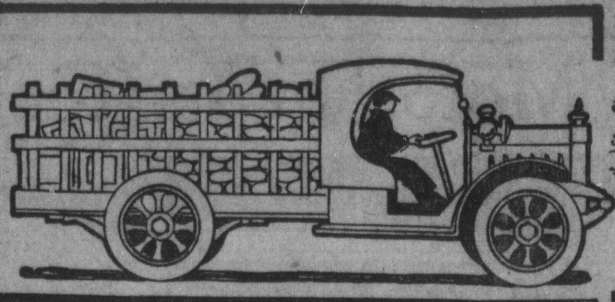

Poor Dr. Snuffles fixed Mrs. Woodchuck's thumb.

Then the three started for Marty's house again.

But some more things were to happen.

## AUTOMOTIVE SECTION

SECTION TWO

SANTA ANA, CALIFORNIA, SATURDAY, JULY 8, 1922

PAGES SEVEN TO TWELVE

### PEDESTRIAN ON ROADS SHOULD USE CARE IS CLUB WORD

Accident Dangers Are Not  
Always Fault of Auto  
Drivers, Claim

### LIGHTS ARE SUGGESTED

Bicyclist, Highway-Walker  
Urged to Join In Move  
for Safe Boulevards

Pedestrians who walk on the wrong side of the county highways and those riding bicycles at night without front and rear lights were today being given special investigation by officials of the Automobile Club of Southern California here.

"The pedestrian and the bicyclist should do their full share toward contributing to the success of the respective safety campaign," said Elmer Heidt, local manager of the club.

"I do not mean that the pedestrian and the bicyclist do not have equal rights on the highway," Heidt continued, "nor do I go so far as to say that the pedestrian should be forced to carry a lantern. It is clear, however, that protective measures are necessary, since many accidents are attributed to failure of pedestrians and bicyclists to help the motorists avoid collisions."

Should be Cautious  
"It is not too much to say that the man who walks along the boulevard at night should bear equal responsibility with the motorist. Therefore, he should take the necessary precautionary measures. Some day an inventive genius will patent a front and rear lamp, to be carried by pedestrians. It would not be such a bad idea."

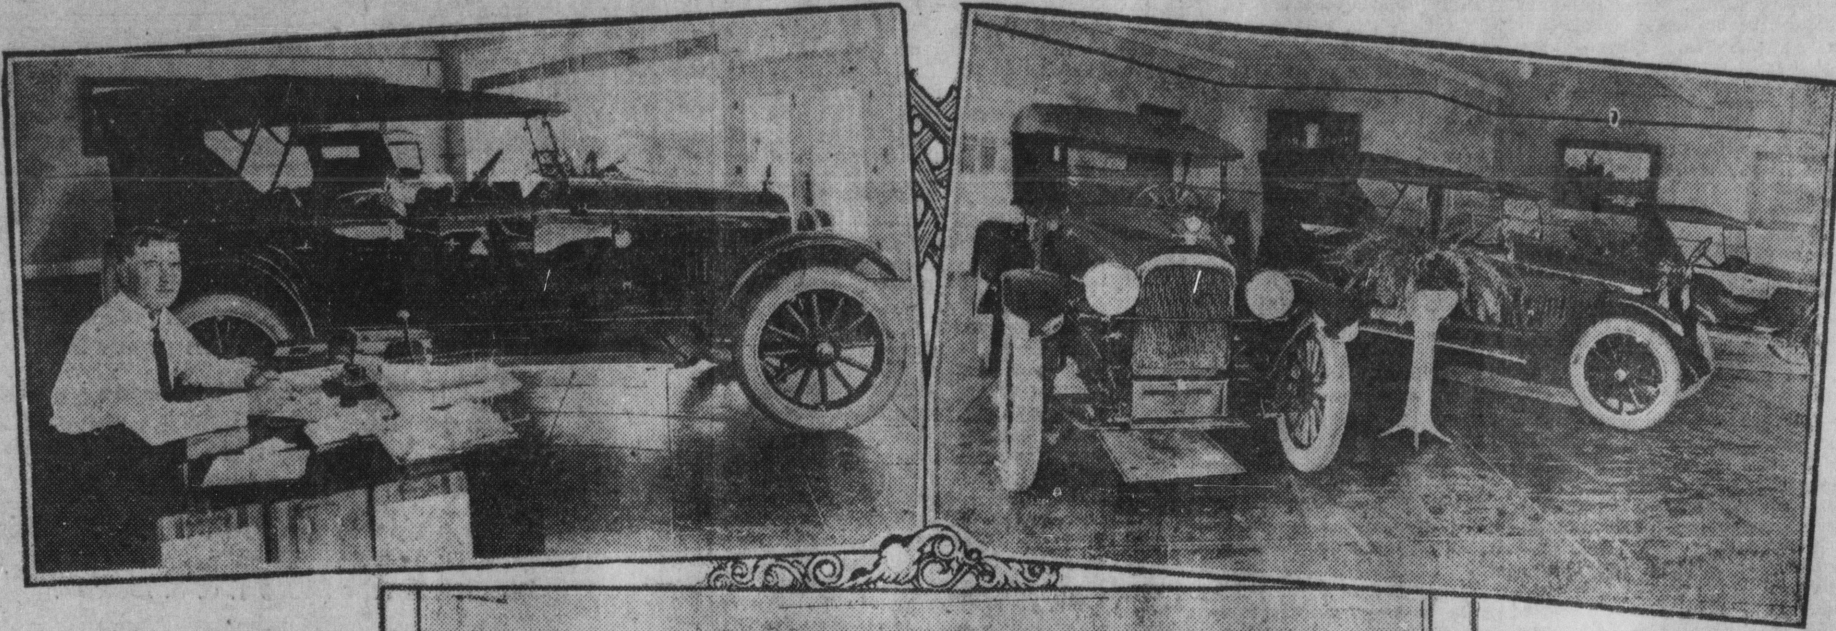

"The logical place for the road-walker, however, is on the left—facing the approaching car, instead of on the right, with his back to the traffic. In any event, if he carries a small lamp of some kind, it will be all the better for him and far safer for the motorists who are obliged to contend with glaring headlights and, at the same time, maintain a sharp lookout for unilluminated bicycles and horse-drawn vehicles."

Raps Lightless Cyclist  
"As for the bicycle rider without lights, there is no excuse for him. We have just completed payment of a claim for \$400 filed by a man injured while riding a bicycle on the boulevard at night. Every bicycle should be equipped with front and rear lights."

"Some bicyclists use a flashlight, which they carry in their hands, but this is not entirely satisfactory. The rider may fall to give the signal regularly, a motorist may fail to see it, or may mistake its significance entirely. The motorist trains himself to watch for the red tail-light. This is a state law and both pedestrians and bicyclists should bear this in mind when using the highways at night."

"Serves You Right"—James Confectionery.

### HANDSOME NEW NASH GARAGE IS OPENED HERE

### DRIVE TO SAVE YUCCA PLANT IS SUCCESS

The campaign of the Automobile Club of Southern California to protect the yucca plants from vandalism is meeting with marked success, according to an announcement today by Elmer Heidt, the club's local manager.

"Now that keen interest has been aroused in the matter," said Heidt, "the club proposes to press the campaign to make the entire southern part of the state safe for the yucca blooms."

"The Los Angeles county board of supervisors has passed an ordinance making it unlawful to pick yuccas in that county. Consideration of a similar ordinance will be asked here, as well as in every other county where the yucca thrives."

"Any person who picks, cuts or destroys the yucca in Los Angeles county is liable to a fine of fifty dollars, or thirty days in jail, or both. Motorcycle officers and other county authorities have been instructed to keep a close watch for those who mutilate the plants."

"This is the first time in the history of the county, as far as can be ascertained, that a county ordinance has been passed to protect the wild flowers from extermination."

"If every county in Southern California enacts similar ordinances the yuccas will be preserved for future generations, and the thousands of tourists who flock to California will have an opportunity to admire the beautiful flowering plants which dot the hillsides."

### OPENS COUNTY AGENCY FOR H. C. STUTZ CARS

J. J. DeVaux, county distributor for the H. C. Stutz, has established an agency for the car at 421 West Fifth street, where he formerly operated the Oldsmobile agency. C. J. Jeffries is salesman for De Vaux.

### S. O. S. CALL ISSUED FOR OLD CLOTHES AT NEW S. A. AUTO PARK

Housewives, attention!  
There is a shortage of rags at Santa Ana's auto camp, and the custodian today sent out an S. O. S. call for old clothes of every description.

"We need cloths for use in the serveteria," said Custodian L. A. Ludwig, "and we need them now. We can't keep the big community kitchen, with its twenty-four gas stoves, spic and span for the accommodation of the hundreds of motorists who register at the camp."

"This means that we have to do quite a lot of cleaning, and in order to clean properly we need many cloths. Our reserve stock is about exhausted, and we will be glad to get a fresh supply at once."

"Any housewife who has a surplus of old cloths on hand will confer a big favor by getting in touch with our telephone number at the park is 1907-J. If those who have cloths will give us a ring, we will be glad to call for the bundles. We can use any quantity."

### PERSONAL INTERESTS OF FOLK AT BALBOA

BALBOA, July 8.—Mrs. Clyde Raines has been making such rapid strides toward recovery from her recent severe illness that she has been able to be removed to the Hotel Ramona. The illness of Mrs. Raines was due to an injury received while doing some exhibition diving a few weeks ago. Her many friends will be glad to learn that she is able to be up a little and is making rapid headway toward health again.

John Coleman, circulation manager for the Los Angeles Examiner, spent the Fourth of July at Balboa. Mrs. Ray Burlingame has closed her home temporarily during the absence of Mr. Burlingame and with her son, Collin, will spend some of the time in Los Angeles.

William Simons, of Fairfield, Iowa, has been a guest of the H. Cardozo Sloans over the week of the Fourth. For holiday guests the Sloans had Mrs. Sarah H. Crosby, Miss Ruth Crosby, of Santa Ana, and Leonard Warner of Villa Park.

Fernande M. Lazarus, of Los Angeles, has rented the Hill home for the last two weeks in July.

Mr. and Mrs. R. F. Garner, of San Bernardino, spent the Fourth at Balboa.

C. L. Armstrong, of Huntington Beach, is spending the week at the Gardfield cottage.

W. P. Grant, of Los Angeles, family and party of friends spent the day of the Fourth at the McDonald cottage.

Mr. and Mrs. Hugh B. E. Brown, San Francisco, are spending a few days at the Palisades Tavern.

A. M. Wayne of Los Angeles, and a party of friends are spending the week in the Lewis home on the Bay Front.

EXHIBITION DANCING.  
BALBOA, July 8.—Miss Yuxze Lee Harrison, of Long Beach, will give an exhibition of fancy dancing as well as inspirational dancing by her pupils at the Balboa pier tonight. Miss Harrison has a dancing studio at Long Beach.

Officials of the May Motor company, distributors of the Nash and Lafayette, today were receiving the congratulations of Orange county business men and motorists on the completion and occupancy of the company's \$30,000 home at Second and Sycamore streets.

The new building, which is finished in tile and ruffled brick, occupies a lot 50 by 125 feet and was so constructed that additional stories may be added should this be found necessary in the future.

With spacious show windows and a handsomely finished sales room, 40 by 50 feet, officers of the company said they are now in a position to display the many beautiful models to the best possible advantage. There is also a large store room, in the rear, where twenty or thirty cars may be accommodated with ease.

Modern Shop Equipment  
The shops, located at the extreme east end of the new building, are equipped with every modern convenience and some of the best mechanics in the Southland are employed here. Easy access to the store room and shops may be had from the Second street entrance. Two large doorways, marked "in" and "out," make it easy for even the inexperienced driver to enter and leave the building.

"This feature," said Arthur A. May, "will be appreciated by women drivers. It eliminates all danger of confusion in the store room, and there is ample space for drivers to turn when driving in and out."

Color Effect is Grey  
The sales room, with its ninety feet of plate glass, is one of the most attractively arranged rooms in

(Continued on Page 9)

### ASKS LIMIT TO CAR SPEED IN BOUNDARY OF AUTO PARK HERE

"Speaking of speed limits," said L. A. Ludwig, custodian of Santa Ana's new auto camp, "how fast should motorists drive when entering or leaving camp?"

"Some seem to think they should hit it off at twenty or twenty-five miles an hour. I think this is entirely too fast. There is a reason."

"The main driveway leading to the park is used to a great extent by men women and children who walk from the camp proper to the store at the main entrance. Many of the children are quite small."

"Therefore, motorists using the driveway should exercise the same caution observed in driving in the business district. In the residential section the speed limit is twenty miles an hour. In the business district it is fifteen."

"It would seem, therefore, that ten miles an hour is fast enough inside the auto camp. We want to avoid accidents and the way to do this is to be careful. I hope the motorists will co-operate with us in making the camp safe for all concerned."

### ANNOUNCES DELIVERY OF REO SPEEDWAGONS

T. W. Tubbs, sales manager for Dale and Company, Packard and Reo agents, today announced the delivery of Reo speedwagons with special bodies to H. B. Cummings, Santa Ana, and H. R. Russell, Garden Grove, and a touring car to L. J. Bean, Santa Ana.

### RIGID EYE TEST FOR MOTORIST IS URGED

"The time is coming," today declared A. S. Ralph, manager of the Automobile Club of Orange county, when applicants for driver's licenses will be required to pass the same rigid visual tests as those used for the examination of the railroad engineers.

"It is fully as important that men and women who steer high powered motor vehicles on the public highways have correct vision as it is for the engineer."

Eyes and Accidents  
"According to facts supplied by Dr. Roy Horton of Santa Ana, the California League for the Conservation of Vision has been conducting investigations which have resulted in the discovery that about 50 per cent of automobile mishaps in this state are due to defective sight on the part of one or other of the drivers."

"Of all accidents investigated, only 2 per cent were due to defective brakes or other lack of control. About 25 per cent were due to speeding or other recklessness."

"It is my belief that some day we will have a state law requiring an optical examination before the granting of a motorist's license."

Urges Examination  
"Every motorist should make sure that he or she is able to see and judge distances correctly, so that the number of accidents in California may be materially lessened."

"The figures compiled by the Government Statistical Bureau at Washington show that there were 9,800 major accidents in 1919, 12,000 in 1920 and 15,000 in 1921."

### TOURISTS FROM EAST PRAISE MAXWELL CAR

Three parties of Easterners touring to California in Maxwell cars stopped at Christian Brothers, local agents, this week to tell them of the splendid service their cars had given them in transcontinental tours.

"The new Maxwell is meeting every demand made by owners, whether on long tours or in city traffic," said Frank Christian today.

Maxwell touring cars were delivered this week to C. B. Kellogg and Anna E. Graham, Santa Ana; C. E. Gleason and R. B. Woodside, Garden Grove.

### 'BLACK PAVING' IS CHAMPIONED BY FULLERTON MAN IN ROAD LETTER HERE

W. T. Brown Declares Use of  
Asphaltic Concrete for  
Highways Is Best

### ANAHEIM PAVING CITED

Points Out Many Instances  
Where Other Methods  
Have Failed

By HORACE FINE

(Automobile Editor of the Register)  
W. T. Brown, of Fullerton, is one of the staunchest of Orange county standpatters on asphaltic concrete for highway construction. He has taken an active interest in the county highways of Orange county and for years has always had something to say for "black pavement" whenever good roads have been discussed before the Associated Chambers of Commerce.

Three weeks ago W. A. Cornelius, former newspaper man of Newport Beach and now connected with the internal revenue department, Pacific division, expressed himself on highway construction in a communication to me and published in this column. Brown has written to Cornelius about the published letter and the latter forwarded Brown's letter to me. As discussion of road construction, particularly as it applies to Orange county highways, always is a live subject, I am reproducing Brown's letter today, as follows:

Here is the Letter  
"Dear Mr. Cornelius:—Your recent letter as published in The Register is a very interesting document and one which I read with great interest."

"As bearing on the discussion as to various types of roads I know of no better way of arriving at an intelligent opinion than through observation of the present roads in various parts of our county."

"So much has been said about the Fullerton pavements that perhaps other towns do not rely this illustration. I will mention, therefore, as an example of good paving, the Brea-La Habra road. This road, twenty-two feet in width, is of five inch asphaltic concrete construction."

"As you know, this road has been called upon, through its proximity to the oil fields, to carry traffic of the heaviest description. After eight years, it is still in good condition."

"As another illustration, the piece of state highway near the Orange county hospital, along the ranch with the row of umbrella trees, was paved about nine years ago with concrete. It lasted about ninety days. At the end of the first three months it was so evident that something must be done that a two-inch top of Toledo mix was laid on the concrete and this paving still stands."

### ANAHEIM PAVING CITED

"In Anaheim, the paving on Los Angeles street from the cross street just south of the Elks club to the cross street just south of Center street is asphaltic concrete laid virtually under Warrenite specifications. This piece of paving has been down for about thirteen years and looks as though it might be good for a generation."

"The sections from the Elks club corner to the north city limits of Anaheim and from one block south

(Continued on Page 9)

### INVISIBLE EYE REPORTS 9500 MOTOR LAW VIOLATORS IN SOUTH

Club Vigilantes Busy With  
Movement to Point Out  
Auto Law Breakers

### CAMPAIGN IS SUCCESS

Keep Careful Tab Here On  
Corner Cutters and  
Careless Drivers

The "invisible eye," functioning in all sections of Southern California, has resulted in 9,500 motorists receiving warnings to drive more carefully, according to figures made public here today by Elmer Heidt, Santa Ana manager for the Automobile Club of Southern California.

"These warnings have been delivered by the safety bureau of the club as the result of the activities of vigilantes in reporting violations of the motor vehicle laws," said Heidt.

"The 'invisible eye' is always open and every driver who operates his car in a reckless or thoughtless manner is due to receive a warning from the club in regard to his conduct. If he is detected driving recklessly thrice, and receives three written warnings, more serious action may result."

Move Gains Approval  
"The idea of using citizens and clubmen as vigilant watchers on the streets and highways is gaining in popularity in Orange county and other Southern California counties."

"It is virtually impossible for the careless driver to evade the watchful eyes of those who are co-operating with the automobile club in reporting those persons who drive on the wrong side of the road, cut corners, fail to give hand signals and otherwise violate the state and city regulations."

"The number of reports acted on during the short time that the new system has been in effect is 9,500, and thousands of other motorists will receive similar warnings if they are not more careful."

"Those turning in reports are absolutely impartial. Letters have been mailed to the high and the low. Even the vigilantes themselves are not immune. The other day we had a report against one of our own workers, who inadvertently made a little slip in driving."

"Those receiving the warnings have taken it in good part, however, and the improvement has been quite noticeable. The motorists should understand that we are not simply striving to help them. After a motorist has been warned he is less apt to have to face the judge to answer for traffic violations."

### COUNTY TRADESMEN IN BIG L. A. AUTO MEET

Robert Atkinson, O. A. Haley and Herbert O. Davis, of Santa Ana; Harry Riley, of Anaheim; and Albert Sitton, of Fullerton, were Orange county auto dealers who yesterday attended the luncheon of the Rotary club at the Alexandria hotel, Los Angeles, given in compliment to Gordon Lee, chief of the automotive division of the United States Department of Commerce. Lee delivered an address on "How to Make Taxes Pay a Profit."

### A "Bee Line"

WHEN we decided to build Miller Tires we determined to build the best tire that good workmanship and choice materials could produce. We've kept to that policy for ten years. We make Miller Tires prove that they will give absolute satisfaction and save money and trouble before they are sold to you.

When you want the greatest tire mileage at the lowest cost—make a "bee line" for the Miller dealer.

## SPECIAL TAXES ARE DUE U. S. BY JULY 31

Do you owe Uncle Sam some money?

This time, the query does not concern the income tax; it has to do with special taxes.

Excise taxes from domestic and private corporations, miscellaneous occupational taxes, taxes from passenger automobiles, taxes from pleasure boats—these are some of the things to which attention has been turned by a bulletin just issued from the office of Rex B. Goodcell, collector of internal revenue for this district, of Los Angeles. The bulletin reads:

#### Forms Available

Forms for making returns of special taxes due under the Revenue Act of 1921 during the month of July, now are available at the office of Collector of Internal Revenue, Los Angeles, and the following branch offices, San Diego, San Bernardino, Santa Barbara, and Long Beach.

To avoid penalty return and payment of the tax must be made on or before July 31, 1922.

Return of the capital stock tax of domestic corporations; foreign corporations—708 must be made on Form 707. Form 11 is used for making return of the miscellaneous occupational and the tobacco manufacturer's special tax. Regulation 64, governing the collection of the capital stock tax, Regulation 59 governing the collection of the miscellaneous occupational taxes and Regulation 8 governing the collection of the tobacco manufacturer's special tax also may be obtained upon request of the office of the collector of internal revenue and branch offices.

The revenue act provides "that every domestic corporation shall pay annually a special excise tax with respect to carrying on or doing business equivalent to \$1 for each \$1,000 of so much of the fair average value of its capital stock for the preceding year ending June 30, as is in excess of \$5,000. In estimating the value of the capital stock, the surplus and undivided profits shall be included."

#### Foreign Corporations

"Every foreign corporation shall pay annually a special excise tax with respect to carrying on or doing business in the United States, equivalent to \$1 for each \$1,000 of the average amount of capital employed in the transaction of its business in the United States, during the preceding year ending June 30."

The basis of the tax in the case of a domestic corporation is "carrying on or doing business" in the capacity of a corporation or association. Quoting from the Capital Stock Tax Regulations No. 64, "The words 'carrying on or doing business' must be given every ordinary and natural significance. 'Business' is a very comprehensive term and embraces whatever occupies the time, attention or labor of men for the purposes of livelihood or profit. In other words business necessarily involves the idea of gain." Every domestic corporation must make a return on Form 707, even though the law may indicate that it is exempt from the tax. The question of exemption is one for determination by the Commissioner of Internal Revenue.

The basis of the tax in the case of a foreign corporation is "carrying on or doing business in the United States." A foreign corporation is carrying on or doing business in the United States if it maintains an agent or an office or warehouse in the United States, or in any other way enters the United States for the purposes of its business.

#### Miscellaneous Taxes

Following are the miscellaneous occupational taxes: brokers, \$50; pawnbrokers, \$100; ship brokers, \$50; customhouse brokers, \$50. Proprietors of theaters, museums and concert halls where a charge for admission is made, having a seating capacity of not more than 250, shall pay a tax of \$50; having a seating capacity of more than 250 and not exceeding 500, \$100; having a seating capacity exceeding 500 and not exceeding 800, \$150; having a seating capacity of more than 800, \$200.

Circus proprietors are required to pay a tax of \$100; proprietors of bowling alleys and billiard rooms are required to pay \$10 for each alley or table; proprietors of shooting galleries, \$20; proprietors of riding academies, \$100.

Persons carrying on the business of operating or renting passenger automobiles for hire are required to pay \$10 for each such automobile having a seating capacity of more than two and not more than seven, and \$20 for each automobile having a seating capacity of more than seven.

Section 1003 of the Revenue Act of 1921 imposes a tax upon the use of yachts, pleasure boats, power boats, sailing boats and motor boats with fixed engines, of over 5 net tons, length over 33 feet. Numerous inquiries have been received concerning this tax. These boats are divided into three classes with respect to length, and a separate tax is provided for each class as follows: over 5 net tons, length over 32 feet and not over 50 feet, \$1 for each foot; over 5 net tons, length over 50 feet and not over 100 feet, \$2 for each foot; over 5 net tons, length over 100 feet \$4 for each foot. The Commissioner of Internal Revenue has held that a vessel must be both over 5 net tons and over 32 feet in length in order to be subject to the special tax imposed by this section. No return of certificate of exemption will be required in the case of boats falling below both or either of these specifications.

#### MAN'S LEG BROKEN

Injured when a cable snapped at the Orange County Rock and Gravel company plant, Joe Oser, of Los Angeles, was at the Community hospital today, suffering with a broken leg.

Why walk when we carry 5 Passengers 20 blocks for 50 cents? Own Taxi. Phone 1486-415 N. Sycamore.

Crowds will be at Wieseman's Aluminum Sale, Wednesday, 9 a.m.

## TERMS OF DRILLING CONTRACT VIOLATED, SAYS WOMAN IN SUIT

Because a second oil well was not drilled upon her property in the Kraemer tract near Pico Point after a first had been sunk to a depth of more than 3,000 feet and had then been abandoned, Gertie L. Bennett was plaintiff today in a superior court suit to eject lessees from the property.

W. C. Heffern, the Heffern Oil company and the Richfield Giant Oil company were defendants in the action, which was filed through Attorney W. M. Brown, of Los Angeles, formerly of Orange.

Drilling of a second well, in the event that the first well should be completed or abandoned after drilling reached a depth of 3,000 feet, was provided by the terms of the lease, the plaintiff asserted. Such operations have not been begun, she alleged.

## ANNUL MARRIAGE AS 1922 ENOCH ARDEN HERE

Bringing to a close what was termed as the similar yet opposite story of the modern Enoch Arden, Superior Judge R. Y. Williams here today had granted a decree of annulment to Dorothy M. Linares of her marriage to William G. Wigginton.

According to her attorney, Harold Ide Cruzan, of Los Angeles, Mrs. Linares was the innocent party to a bigamous marriage to Wigginton while her first husband, Alfred Linares, was still alive.

Like Enoch Arden, Linares, it was said, returned from overseas service after his wife had received official notice from the government that he had been killed in action with the United States forces.

Meanwhile, Mrs. Linares, Cruzan said, had married Wigginton, in the belief that her husband was dead.

The hearing of the suit for annulment was not opposed.

Fishing Tackle—Hawley's.

## \$30 DISC WHEEL OAKLAND OFFER MADE HERE

Word has reached Edgar and Hays, local dealers for the new Oakland six, that disc wheel equipment is now optional at \$30 extra on all models except the sport car, which offers them at no extra cost. This makes the price of a disc-wheel-equipped touring car \$1395, F. O. B. Santa Ana.

"Such offerings added to the now striking appearance of the Oakland should create much interest," said D. Z. Smith, sales manager of the firm. "Through such mediums as the winning of all laurels in the recent Yosemite economy run and a non-stop high-gear run from Los Angeles to San Francisco, the Oakland is conclusively proving a mechanical construction that is the talk of the motor world."

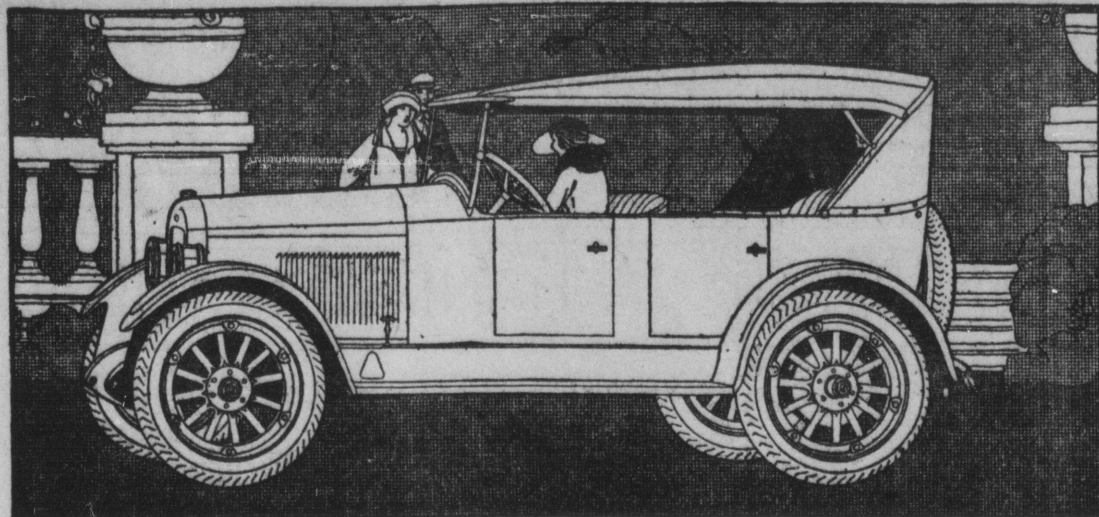

Edgar and Hays report new car deliveries in June as follows: Oakland touring, Otto Quandt, E. J. Thompson, D. Z. Smith, Santa Ana; J. H. Sherman, Huntington Beach; Ray Kruger, Orange. Paige, L. A. Lawton, Huntington Beach, sport model; W. F. Fields, Orange, sport; Dr. G. M. Tralle, Santa Ana, sedan; Mrs. J. J. Woodward, Santa Ana, touring. Jewett touring, W. W. Blair, Garden Grove; William H. Irvin, D. M. Forney, M. B. Hendricks, Santa Ana; Joe Soares, Greenville. Jewett sedan, Dr. E. H. Waters, Santa Ana.

## NO INJURIES, DAMAGE AS CARS IN CRASH

No one was injured in an automobile collision at the corner of Collins and Tustin avenues, northeast of Orange, according to a report on file today with local police by E. W. Jardine, 1509 Bush street, Santa Ana. Jardine was driving his car east on Collins avenue, when it collided with a machine traveling south on Tustin avenue. No damage was reported from the accident, which took place at 4:20 p. m. yesterday.

"Serves You Right"—James Confectionery.

## The Largest Motor In Its Field

## Six Cylinders—50 Horsepower—\$1065

The Jewett is equipped with the largest Motor in its price class. This, of course, means great performing ability, but it also means long life and freedom from repair bills.

With a fifty horsepower engine you do practically all of your work on "reserve". There is no overstraining—no over-loading. As a consequence, the car and every individual part escapes destructive, peak-load punishment.

Take a ride in the Jewett today. Notice the smooth, unlabored flow of power. Then remember that you can own this stout hearted Six for \$1065 f. o. b. Detroit.

## McQUAY-NORRIS PISTON RINGS

Give Your Car More Power

Worn or leaky piston rings waste motor power and fuel. Gas that leaks past them is absolutely thrown away. It pays to replace them with McQuay-Norris Piston Rings—pays in more power, lower fuel bills, and less carbon trouble. Regardless of where you plan to have your car

repaired, you can secure a quicker job by ordering McQuay-Norris Piston Rings, because we can supply the proper sizes and over-sizes. Made for every purpose and price, McQuay-Norris Rings will pay for themselves in more motor power and lower fuel bills.

We Carry a Complete Service Stock

**LIVESEY'S**

214-216 East 4th St.

Santa Ana, Calif.

**\$125** LEAK-PROOF—An exclusive two-piece design, preventing loss of gas and compression. Gives equal pressure at all points on cylinder walls. For all piston grooves except top, which should have Superoil. Each ring packed in a parchment container.

**\$100** SUPEROIL—Keeps lubricating oil out of combustion chamber. Collects excess oil on each down stroke of piston and empties on each up stroke, which ordinary grooved rings cannot do. Each ring packed in a parchment container.

**50c** JIFFY-GRIP—A one-piece ring, non-butting joint, which can be fitted closer than ordinary step cut—valve finish—quick setting. "Sets in a jiffy." To keep them clean and free from rust, each ring is packed in an individual glassine envelope.

**Snap Rings**—of the highest grade. Raised above the average by McQuay-Norris manufacturing methods. Their use insures all the satisfaction possible for you to get from a plain snap ring. They are packed two rings to the carton and rolled in waxed paper.

## BLACK PAVING IS CHAMPIONED BY LETTER HERE

(Continued From Page 7)

of Center street to the south city limits is of five inch concrete, with a two inch sheet of asphalt on top. This makes a nice pavement for light traffic but it will not stand heavy traffic, as these pieces of paving show.

"Those citizens who are really interested in finding the best paving and who are not seeking to bolster up opinions already formed should give their attention to the mile of road extending from Magnolia avenue, the west city limits of Fullerton, to Buena Park.

"This mile of road was paved about eight years ago with four inches of concrete. Two years ago it was in such bad condition it was strengthened with five inches of concrete, reinforced with steel rods. The new paving laid on top of the old made nine inches of concrete, the top five inches being reinforced with steel.

What is the situation? "This is the paving which has always been urged by friends of concrete; it is certainly heavy enough to satisfy any reasonable person and yet, what is the situation?

"Recently I stood on the running board of an automobile which was driven very slowly over the mile of paving and I counted 528 'checks' or cracks, some transverse, some longitudinal. This means a 'check' virtually every ten feet for the entire mile.

"These are facts which I am relating—not theories.

"I notice some of the county officials deplore criticism of our roads as it may tend to discourage tourists from visiting our county. I would reply to this 'hush-hush' policy by saying that no wrong condition was ever corrected by covering it up.

Criticism, as long as it is constructive, is a means of progress.

"Please accept my thanks, as a citizen, for your efforts to keep the vital matter of paving before the minds of the taxpayers.

"Very truly yours,

W. T. Brown."

## PASTOR WRITES OF HIS JAUNT IN MID-WEST

Stating that after his new Willys-Knight touring car was delivered to him at the factory he drove it ninety-five miles on five gallons of gasoline, the Rev. Perry F. Schrock, pastor of the First Congregational church, has written to the Santa Ana Overland company from Ashtabula, O., June 28.

The Rev. Mr. Schrock went to Hot Springs, Ark., as a Santa Ana delegate to the international convention of Lions clubs.

The pastor wrote that he had been in bed two days at Ashtabula as the result of an attack of acute indigestion.

In commenting on the gasoline mileage performance of his car, he wrote:

"I think that was pretty good for just out of the factory." Continuing, he said:

"The car is behaving beautifully. The machine seems to work perfectly. All my folks admire it greatly. The day I was in Toledo the weather was terrible. It was blowing a hot wind—as hot and dirty as our desert winds. That night the temperature dropped from 96 to 46."

The Rev. Mr. Schrock announced that he and Mrs. Schrock would start home in about two weeks from the date of the letter. They will drive through in the car.

George Nash, of the Overland Santa Ana company, said that the firm last Saturday received a carload of Overlands and Willys-Knight machines, the first carload they had received in fifty-seven days. The shipment contained two Willys-Knights, one of which, a sedan, was delivered today to George W. Young, and the other, a touring car, has been delivered to H. B. Van Dien, both men being of the Young-Van Dien company, local building material men. The Overlands went to E. D. Rhoads,

## HANDSOME NEW NASH GARAGE IS OPENED

(Continued From Page 7)

Southern California. The general color effect is pale grey, with a buff-colored ceiling and an indirect lighting system. On the walls are five handsome paintings, representing the California redwoods, an eastern winter scene, the Holland windmills, the royal gorge of Colorado and other colorful scenes dear to the heart of the motorist.

These paintings, which are 3 by 5 feet, are tastefully framed and were executed by Mrs. G. S. Huffman, 402 East Walnut street, this city. They add very materially to the artistic color scheme.

Floor Is Checkerboard The floor of the sales room, done in checkerboard tile, is finished in green and bronze composition. This part of the work was done under the personal supervision of Robert B. Lammens, of Brussels, Belgium, famous for his creative effects in the construction of fashionable hotels and private residences in Los Angeles, Pasadena, Brussels and elsewhere.

The checkerboard squares are two by two and the general effect is enhanced by white tile brick, extending the full length of the sales room immediately beneath the huge plate glass windows. The windows fronting on Second and Sycamore streets are equipped with modern Venetian blinds.

Many Laud New Plant

"We are now prepared to display our many beautiful models as they should be displayed," said C. W. May. "The new building, which was started in April, is one of the most modern of its kind in Southern California and we have received many compliments on its pleasing effect.

"We now have on display one of the Nash sport models, done in rich maroon and finished with a silk mohair top. It is upholstered with Spanish leather, has natural wood wheels and is one of the most attractive models shown in California. Other handsome models, including the four-cylinder blue roadster, will also be on display in the new sales room. We extend a cordial invitation to the public to visit the new plant."

With 600 square feet of skylights, constructed to distribute the light in the building, daylight is made a feature of the May Motor company's new home. W. K. Getty, manager of the G. & G. Metal shops, declared that this building was the best lighted building of this character in town. The G. & G. Metal Shops have installed ten skylights, seven of them 5x10 feet in size, one 7x31 feet and two 3x4 feet.

## DURANT AGENCY ADDS TWO SALESMEN HERE

Roy Fisher, formerly an automobile salesman here, but for the past year a traveling salesman for a wholesale hardware firm in Los Angeles, has returned to the automobile game and is now selling Durants, being connected with the local agency of the Appleby Motor company. Bruce Keith, a salesman with experience in the East, has also been added to Appleby sales force.

## BREWERIES CLOG SEWERS.

NEW YORK, July 8.—Prune pits, corn and oats from the home brew industry have so clogged the pipes of North Tarrytown that officers have appealed to the public to stop it.

James Pies, Cakes, Cookies, and Bread. They are different.

Garden Grove; Silas O. Wheeler, Santa Ana; and Miss M. E. McLaughlin, El Toro.

## Why More Hupmobiles Are Being Sold

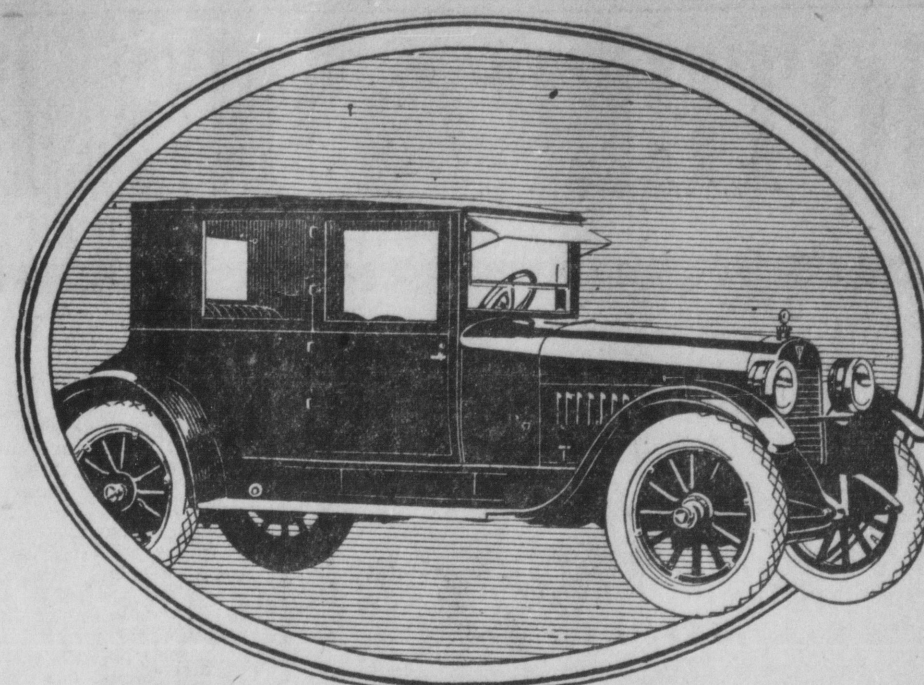

Hupmobile sales continue to mount higher and higher.

People today are looking at motor cars from the standpoint of investment value—and that is the reason new thousands are coming to the Hupmobile.

They buy the Hupmobile because they know what it gives its owners in extraordinary soundness and reliability in notable economy, in service, and in long life.

Expert, low-cost service available at our service department is still another potent reason for increased Hupmobile sales in this community.

## The Hudson Coach Has the New Motor

See it today. It combines the two biggest claims to interest in many years.

A beautiful closed car costing less than 6% above open models, is offered in the Coach.

And now it adds the wonderful new Hudson motor.

It fastens Hudson's long leadership to

a higher standard of quality than ever.

Performance is wholly altered—a glorious sense of motion, free as flight. It eludes description. It brings afresh the zest to motor for its own sake. It is a revelation even to Hudson owners.

Be our guest on your first ride. Let the Coach and the new motor speak for themselves.

**TOWNSEND & MEDBERY, INC.**

506-508 No. Broadway

## A Dozen New Reasons For Reo

**FRAME**—Side members, two-thirds of a foot in depth, add strength and rigidity.

**DISTRIBUTOR**—Now located on left side of motor in more accessible position.

**LOWER CHASSIS**—New rear spring suspension adds strength and appearance.

**TRAFFIC FENDERS**—Built for City Life—They are good to look at both "Before and After."

**ROAD LAMPS**—Add to good looks; are easier to clean and dust, and are stronger.

**THROTTLE AND REST**—Improved lever and rest adds to comfort and convenience.

**HORN BUTTON**—Now located on top of steering column on all Reo models.

**75-MILE SPEEDOMETER**—Free from noise and provides a range for the increased speed capacity of the new Reo.

**ENCLOSED MODEL IMPROVEMENTS**—Doors of new sedan are hung to permit easy transfer of passengers between front and rear compartments.

**NEW WALNUT STEERING WHEEL**—Enclosed model now fitted with walnut spider steering wheel.

**ADDITIONS**—Quality and numerous refinements built into the chassis and coach work providing greater utility and comfort in the new Reo.

**COMMISSIONS**—No dollars have been added to the price of this latest Reo.

Reo is Still Young at 50,000 Miles

# ANOTHER FINE BUILDING IS COMPLETED IN S. A.

THE GLAD HAND OF QUALITY

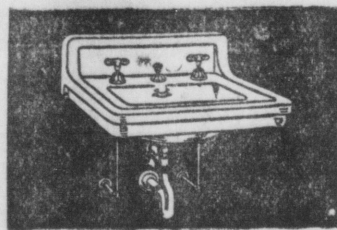

## Plumbing

—If you plan on erecting a new house, garage, store, or office building—perhaps contemplate alterations, call on us for advice.  
—For instance—we can often suggest a rearrangement of fixtures which will materially lessen the cost of installation.  
—Your architect or contractor welcomes our help. Our ideas are practical—frequently they will save you money.

The aristocrat of closet construction

—This closet combination is made of entirely snow-white, easily cleaned, non-absorbent, vitreous china, which will give you years of service, without chipping, cracking, or crazing.

Little in price—big in service

—A lavatory like this one will add much to the comfort of your home. A practically unbreakable, vitreous china fixture which will give you many years of service without repairs.

## S. Hill & Son

HARDWARE, PLUMBING, HEATING, SHEET METAL  
213 East Fourth St. Telephone 130

The Santa Ana builders who have just finished the building for The May Motor Company on the corner of Sycamore and Second streets have done a splendid job. It is one of the handsomest buildings in town and it is just as good as it looks.

The plate glass and copper setting were furnished and installed by W. W. Kays, local architect. The J. G. Robertson Electric Company did the wiring and installed the fixtures. The plumbing in the building was put in by Hill & Son Hardware. The lumber all came from the Santa Ana Lumber Company, and Geo. A. Barrows was the general contractor.

On another page of The Register today appears a picture of this fine building, together with an article describing it.

We are now located in our new building—built especially for the needs of the Nash Car Sales and Service.

It has been our aim to plan this new home for the Nash so that every convenience for service to Nash owners would be anticipated.

Here nothing but the genuine Nash parts are used which means quality always.

With all of the new and modern equipment that we have installed it will be our aim and ambition to give all Nash owners prompt, satisfactory and reliable service.

Nash owners and the public generally are invited to call and inspect this new building.

## The May Motor Company's New Building Adds Another To the Long List of Fine Buildings We Have Wired in Santa Ana

The long list of fine buildings in Orange County that have been wired for electricity by the Robertson Electric Company is growing rapidly. They are coming faster and faster.

There is a growing demand for better buildings and better electric equipment all around. That's why our list of contracts keeps growing so rapidly—that's the kind of electric work we do—BETTER WORK.

We do not just happen to do better work—there is a reason for it. We insist on using only the very best materials, and then we employ specialists in every branch of electrical work. Each of these experts does his part of the work perfectly.

We have very few—VERY FEW—"trouble calls" on any of our jobs. We do not have to go back and do any of our work over. The first price is all you ever pay. We want to do that kind of a job for YOU.

## Lumber & Cement

in the new home of

MAY MOTOR CO.

were furnished by the

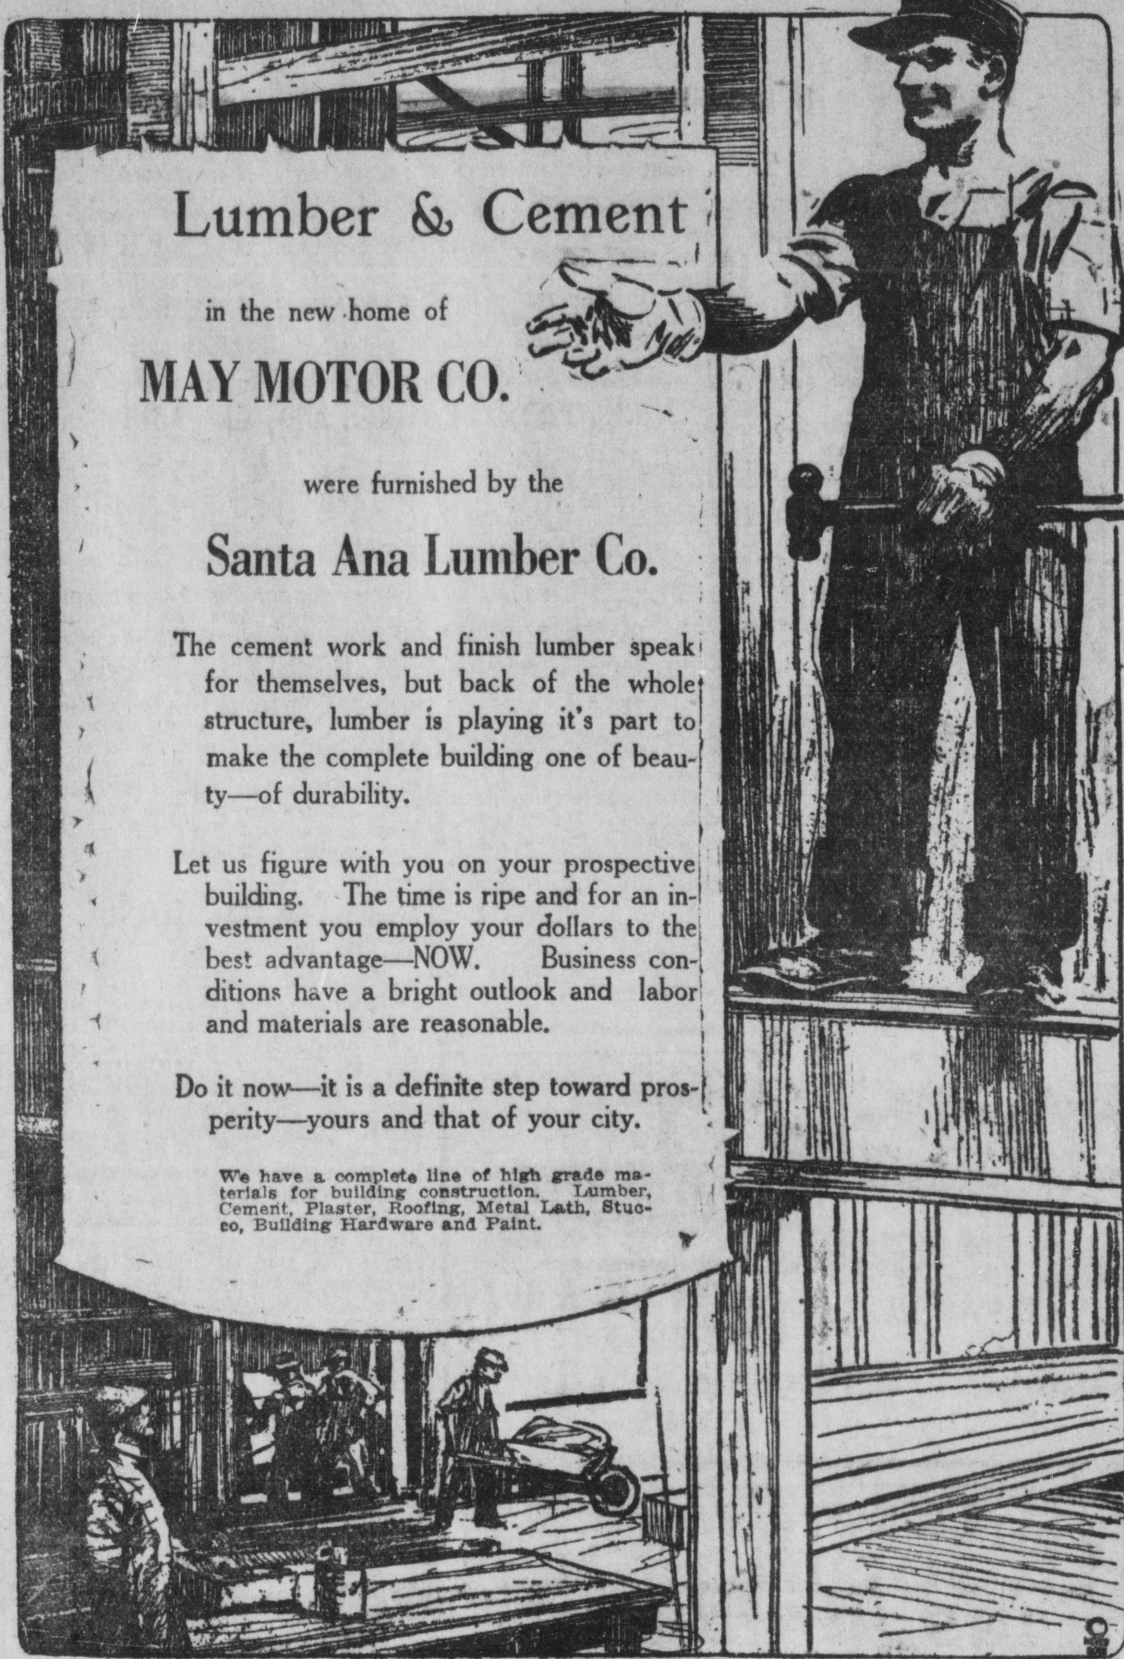

Santa Ana Lumber Co.

The cement work and finish lumber speak for themselves, but back of the whole structure, lumber is playing its part to make the complete building one of beauty—of durability.

Let us figure with you on your prospective building. The time is ripe and for an investment you employ your dollars to the best advantage—NOW. Business conditions have a bright outlook and labor and materials are reasonable.

Do it now—it is a definite step toward prosperity—yours and that of your city.

We have a complete line of high grade materials for building construction. Lumber, Cement, Plaster, Roofing, Metal Lath, Stucco, Building Hardware and Paint.

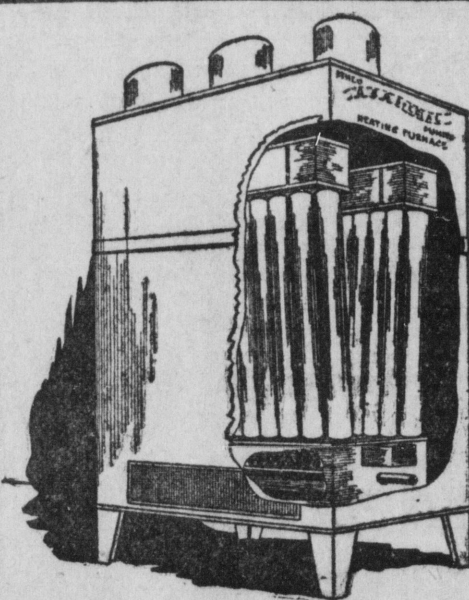

## Notice the Skylights

—The perfect skylights in the new May Motor Company building flood the place with daylight. We have put in many such jobs in Santa Ana. Among them the City Fire Hall, the Pergins Apts., the Vaughn Garage building and many others. We'd like to put in YOURS.

—We do a general sheet metal business—make anything that's made of sheet metal—tanks, irrigation pipe, sinks, gutters and down spouts, stove pipe, etc., all at the right price.

—We make the famous unit system gas furnace, electrically controlled and fool proof. More than forty of them have been installed in Orange County by us and every one gives perfect satisfaction. Remember us when you need anything in these lines.

## JORDAN CARS SHOW STRENGTH IN RUNS

Following the accident of this week in which a Jordan car driven by a Santa Ana man rolled down a mountainside on the road to Big Bear, with no damage to the car except the mashing of the top, Otto Kolberg, of the Orange County Garage company, Jordan distributor, today pointed to the performance of Jordans in jittery service in Arizona, as evidencing the strength and durability of this line of automobiles.

According to the manager of the Arizona Bus company, the organization has eight Jordans in service. A 1917 model has run 140,000 miles, three 1919 models have averaged 45,000 each and four 1920 models have averaged 35,000 miles each. All are still in service and running well, the manager reports.

Kolberg reports Jordan deliveries recently at follows: R. B. Kelly, H. G. Miller, Dr. H. A. Stryker, Santa Ana, touring cars; W. W. Wasser, sedan; Harold Weaver, Laguna Beach, playboy roadster.

## HUPMOBILE SHATTERS PRODUCTION RECORDS

Again all previous Hupmobile production and shipment records have been broken, and the June achievement stands at the highest point in the company's history, according to Otto Haan, of the Cadillac Garage company, Hupmobile agent.

"Not only was June the largest production month that the company has ever enjoyed," Haan said "but the six-month period, ending with June 30th, from a production standpoint, was more than twice as large as any other similar period in the company's history."

## LINCOLN OWNERS TO SELECT OWN COLOR

That purchasers of Lincoln cars may have the choice of three colors adopted by the factory or may have the car set here and painted in the local shops of the Lincoln and Ford agency in the color desired, was disclosed today by C. C. Tash, sales manager for Knox and Stout, local distributors for the Lincoln and Ford.

The colors adopted by the factory as standard are Orrford Lake, Brewster Green and Cobalt Blue. Upholstering in open models has been standardized to long grain, bright finish black leather. Upholstering in enclosed models will be furnished in either velour or broadcloth, in color suitable to match the body color specified.

Tash also stated today that new price rates effective July 6 resulted in a reduction of \$10.30 on Ford cars and \$8.71 on tractors.

## OAKLAND ALL CAR, SAYS DEALER HERE

Declaring that he wouldn't trade all of Orange county for the whole of the country extending north from the Sacramento valley to Seattle, Wash., and that the Oakland 6-44 sedan in which he traveled to the North is the "best car ever," Bruce Hays, of the firm of Edgar and Hays, Oakland and Paige distributors, was home today from a three weeks' tour to the Washington city. Mrs. Hays and their daughter, Bernice, accompanied him.

"My motor trip to the North has convinced me more than ever that the Oakland is all cars," said Hays. "We traveled 3175 miles in the round trip and the gasoline consumption was an average of twenty-two miles to the gallon. This in spite of the hard going in Oregon and the fact that I had to let my engine run idle many times while waiting in line to get through de-tours. When I left Santa Ana I put a gallon of lubricating oil in the crankcase of the car. When I reached Portland I cleaned the crankcase and took out a gallon of oil, replacing it with fresh lubricant. I did not put in oil either on the going or returning trip."

He says the roads to the north are good until the Oregon line is reached and that from there to Portland they are bad.

## HERE'S WARNING TO TYPEWRITER USERS

Dr. R. C. Augustine, director of the Eyesight Conservation Council of America, says:

"Millions develop eye weaknesses because of the black and white contrast they face in typewriting. The black body of the machine causes the pupil to dilate. The white paper causes it to contract."

Julia Bowman of San Francisco has solved the problem by using neutral colored paper. She advocates gray or dull green.

BLACK BODY CAUSES PUPIL TO DILATE

WHITE PAPER CAUSES PUPIL TO CONTRACT

## SAYS OIL WILL NOT STOP CYLINDER WEAR

"Once in a while you will meet a man who believes that he can make up for the wear of cylinders and rings by using a very heavy motor oil," declared V. F. Stein, of Stein's Motor Car Service, and inventor of Stein's perfect piston rings. "I met one the other day. He was in a shop sadly figuring up how much it would cost him to put a scored cylinder back in shape."

"The heavy oil improves the compression—yes. But motor oil has other things to do than smooth the path of the piston. It has to lubricate the wrist pins and the

crankshaft bearings and the connecting-rod bearings, and heavy oil will many times be found too viscous to flow into the far places that need lubrication. In this particular case the wrist pin had frozen, torn loose from the piston and started gouging a nice little path on the cylinder wall."

"When a car begins to need extra heavy oil to show compression it doesn't need that oil—it needs our new rings. In fact, when the wear is so great as to cause what is commonly called 'piston-slap' the loss of power and the tapping noise are halted by installing our rings with the heavy springs to hold up how much it would cost him to put a scored cylinder back in shape."

**AUCTION:** 6-room modern bungalow at 372 Orizaba Ave., Long Beach, Tuesday, July 11, at 1:30 p. m. Lee M. Stevenson, Auctioneer.

## A BUSINESS COUPE FOR BUSINESS MEN

This car represents a new and important achievement in commercial transportation.

For the first time in motor car history, business men are enabled to buy a closed car, the body of which is built throughout of steel.

The advantages of this all-steel construction—reserved until now to open cars—are particularly marked in a coupe built to weather the wear and tear of hard commercial usage.

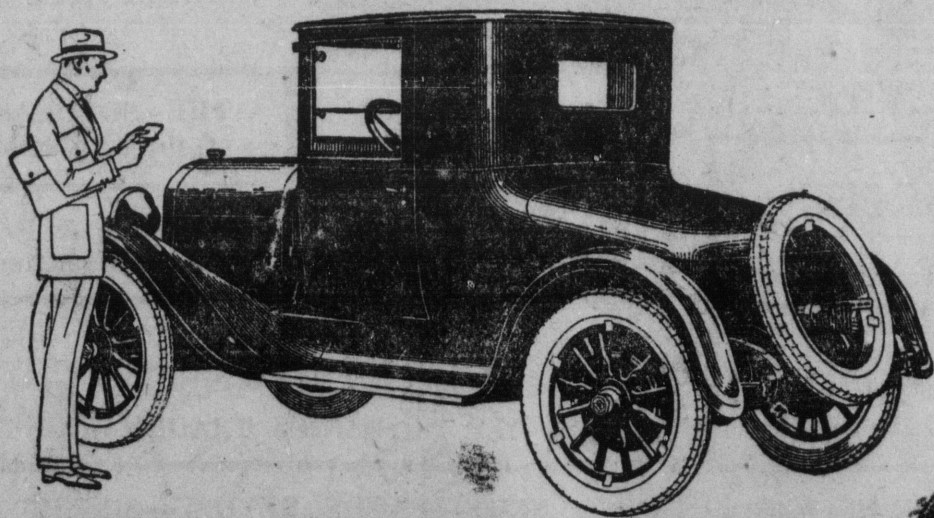

Immediately you will be impressed with the beauty and lightness of this coupe. Time will convince you of its unusual stamina. The doors snap neatly shut. Body squeaks are eliminated. Dodge Brothers enamel is baked on the surface of the steel—a permanent lustrous finish, impervious to wear.

The interior is roomy and thoughtfully equipped with every appointment necessary to the owner's comfort and all-weather protection.

Business houses that equip their salesmen with motor cars have been quick to recognize in this coupe a very unusual investment.
